U. S. Dollar King; English Pound Is Now Worth \$4.64

New York, Aug. 16.—A sharp rally during the last hour of the business sent the rate of sterling up to \$4.67½, one half point higher than the opening. Paris checks were strengthened and closed at 5.99 a loss of two cents for day.

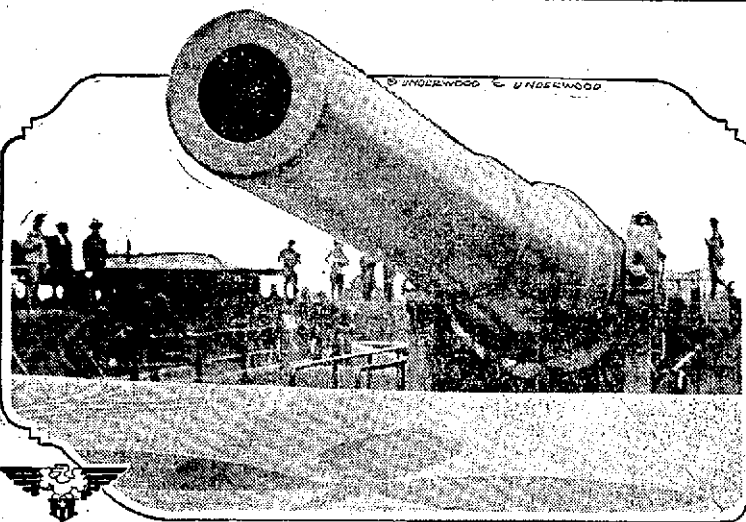

The value of the English pound sterling went steadily and rapidly downward today until it touched \$4.64 in American money, the lowest value ever placed on it since New York became a financial center. Utter demoralization of the exchange markets resulted. France followed suit falling to \$6.00 or the equivalent of 16 2-3 cents. Normally pounds sterling are quoted at \$4.87 and francs at approximately 20 cents. On Saturday last the English pound established a new record in the New York money market by falling to \$4.64. Today it opened two cents under Saturday's lowest price, a situation without parallel in the history of American finance and within an hour lost another penny and by one o'clock had sold down to \$4.64.

The sharp fall in exchange rates was ascribed to the demand of the American manufacturers for goods sold by them abroad. Within the last few days the money market has been flooded with millions of American bills against Great Britain and her allies. It was reported that last Friday between \$25,000,000 and \$50,000,000 of such bills were presented to one big bunking house alone. Today's demands which sent the exchange rates to unheard of low levels, were believed to be far in excess of this sum.

With the English pound debased as never before the American dollar was today the standard of the world financial market. In financial circles the rapid lowering of foreign exchange rates was regarded as presaging difficulties ahead. Ways in which England might meet the situation and maintain her credit were commonly discussed. There seemed to be two alternatives:

The establishment here of a huge loan or credit, conservatively put at \$500,000,000, or the acquisition in England of a large amount of American securities to be placed here as collateral for temporary credit.

WHO SAYS UNCLE SAM IS NOT READY FOR THE ENEMY?

Twelve-inch disappearing coast defense gun at Fort Wright on Fisher's Island, N. Y.

This big twelve-inch disappearing gun is but one of many which are to be found in Uncle Sam's coast forts along the Atlantic and Pacific sea coast, for the protection of his property. This particular gun, which has been raised from its disappearing turret ready to send its discharge of shell at an "enemy," is located at Fort Wright on Fisher's Island, New York, just off New London, Conn., where the coast defense division of the national guard is engaged in practice.

VON MACKENSEN AND PRINCE LEOPOLD PUSH CZAR'S MEN FURTHER

Berlin, Aug. 16 (via London --- Field Marshal von Mackensen continuing his pursuit of the retreating Russians from the South toward Brest-Litovsk has occupied Ciale and Slawatycze, according to official announcement made by German army headquarters today. The army of Prince Leopold, of Bavaria, pressing the Russians from the west has occupied Losyce and Miedzrzec, the statement adds.

London, Aug. 16.—Military operations in the eastern field are developing slowly. Both sides shows the effects of the intensity of the Warsaw struggle. The German advance now centers on the efforts of Field Marshal Von Hindenburg to force troops across the Dvina and eastward in the general direction of Petrograd and the near approaches of the army of Prince Leopold of Bavaria to the new Brest-Litovsk defense. Notwithstanding the steady pressure of the Germans, the Russians have succeeded thus far in holding them west of the Dvina.

In the best posted quarters here the outlook is regarded with a degree of pessimism. It is expected Serbia will seek a compromise and Greece will reject the Bulgarian contentions. Reports from Athens indicate that King Constantine is insisting the new cabinet must maintain strict neutrality, the effect of which would be to withhold Greece from participating in a plan of United Balkan co-operation with the allies.

In the meantime there are many evidences of Austro-German preparations to deal with the Balkan situation.

Belgrade and the activity of Austrian minister of artillery at many points along the Danube lends to reports of a great Austro-German offensive in the Balkans.

The outcome of the crisis is awaited most anxiously, as determining whether the allies will receive new support from the Balkans and whether Germany's supplies of ammunition for Turkey, will continue to be shut off by the Balkan barrier.

Bulgarian officials do not expect an agreement will be reached but the Serbian minister at London, M. Jostkovich, told the Associated Press he believed a middle ground would be found on which it will be possible to unite the Balkan states.

NO REPLIES COME TO PAN-AMERICAN NOTE TO MEXICANS

Washington, Aug. 16.—No replies to the Pan-American appeal have been received today. State department officials are undecided whether to make them public after they are received. Under the language of the appeal the Mexican leaders may invite some of the Latin-Americans to arrange the proposed peace conference and ignore the offer of the United States. Officials here say that only those invited will participate in the arrangements.

Word that both General Carranza and General Villa have received notices of the Pan-American appeal reached the state department today. From several sources it has been learned that General Villa's suggestion of a truce has been favorably received by some subordinate of soldiers of Carranza. There has been practically no fighting in Mexico for several days.

U. S. TROOPS FIRED ON BY MEXICANS

Brownsville, Texas, Aug. 16.—Reports of renewed attempts by Mexican bandits to reorganize their bands in the lower Rio Grande valley were brought out today.

A detachment of United States cavalry patrol was fired on last night from the Mexican side of the Rio Grande near Mercedes about 30 miles up the Rio Grande from here. The firing occurred at Progresso. The cavalrymen returned the fire and the shooting from the Mexican side stopped. There were no casualties among the American troops.

CARRANZA WILL NOT BLOCK PEACE PLANS

Washington, Aug. 16.—Assurances that General Carranza will not obstruct the American appeal reached the state department in a message from C. B. Parker of the American embassy staff in Mexico City, saying General Pablo Gonzales, Carranza's commander there has "promised safe conduct to the messengers who are to carry the appeal to General Zapata and others."

Parker also reported destitution among Americans in the capital and said 120 being aided by American embassy attaches had asked to be sent to the United States.

A message from Consul Silliman at Vera Cruz reported that the bishop of Vera Cruz who had been imprisoned by Carranza authorities for some time, had been released.

Advices from Monterey said Villa forces under Rosalvo Hernandez and Raoul Madero had advanced within nine leagues of the city.

OHIO MARINE DROWNS IN GULF HURRICANE

Washington, Aug. 16.—Two American marines were washed overboard from the battleship New Hampshire and drowned yesterday while the ship was sailing through the Gulf hurricane, somewhere south of the Florida coast. No damage to the New Hampshire or the Louisiana which are proceeding to southern waters, was reported.

The marines were James Franklin Robinson and Baidie Wayne Ray.

Robinson's mother, Mrs. W. A. Robinson, lives at 222 West First street, Uhrichsville, Ohio. Ray's residence is given as Mississippi. His mother, Maude Ray Holcomb, is his next of kin. The bodies were not recovered.

Houston, Texas, Aug. 16.—More than 100 persons, including scores of tourists from other states, who left Galveston in fear of a storm were in this city today. Alarming reports concerning the Gulf hurricane reported sweeping towards the Mexican coast were denied promptly today by the weather bureau.

Galveston, Texas, Aug. 16.—Tropical disturbances which passed through the Yucatan channel Sunday, still apparently are centered in the south Central Gulf. The barometer read 29.50 and the wind was blowing 38 miles an hour from the northeast. There was indication that the disturbances might pass east of Galveston.

U. S. TURNS DOWN AUSTRIA-HUNGARY'S MUNITION REQUEST

Washington, Aug. 16.—The United States in a note to Austria-Hungary published today firmly but politely declines to accede to the request of the Vienna government that the export of arms to the allies be stopped.

The communication is in reply to the recent Austrian protest that the United States in permitting the export of arms to Austria's enemies was violating the "spirit" of neutrality. The American note is a flat denial of that contention and vigorously upholds the right of the United States under international law, to export war munitions. In justification of its position, the United States recites among other things that international law, the practice of nations, the security of the United States and other nations without large military or naval establishments and neutrality itself are opposed to prohibiting the export of war munitions by a neutral to a belligerent in time of war.

The United States contends that it cannot deny to others the right which it claims for itself for purchase of war munitions from a neutral in event of a foreign attack. In this connection the United States hints that it might have to buy from neutrals if attacked.

The note recites the fact that Austria-Hungary and Germany supplied munitions of war to use during the Boer war when England's enemies could not import such supplies and a statistical table of such sales is appended. It suggests that had Austria and Germany refused to sell arms to Great Britain at that time "on the ground that to do so would violate the spirit of strict neutrality," these countries "might with greater consistency and greater force urge their present contention."

Pointing to a practical and substantial reason why the United States, aside from the question of principle, advocates and practices unrestricted trade in military supplies, the note declares:

"It has never been the policy of this nation to maintain in time of peace a large military establishment and stores of arms and ammunition sufficient to repel invasion by a well-

OCTOBER IS A BIT EARLY—BUT

Th' Kaiser may be a good soldier but it's my personal opinion that he's a blamed poor prophet. I'm sayin' this because a man who thinks he can wind up a war like this in two months must be a poor prophet. And again, if he should happen 't do it I've gotta pay a bet. Here's th' dope for tomorrow:

Ohio—Local thundershowers this afternoon or tonight, cooler in north portions. Tuesday partly cloudy and cooler.

Kentucky—Fair tonight and Tuesday. Unsettled and somewhat cooler, probably local rains.

West Virginia—Partly cloudy tonight and Tuesday.

Pests I Have Met By Van

No. 11--The Messenger Boy

You are busy on the telephone, probably talking to a party in some distant city when you hear a rumbling on the steps leading to your home or office. You wonder what is happening, and see visions of an earthquake, a Zeppelin raid or some equal catastrophe.

Suddenly the noise reaches the door to your office or home, hesitates but a moment, the door is thrown open and in rushes another pest--The Messenger Boy.

You realize that about three hours before you put in a call for one that you had a telegram all written out ready for him to take to his office. Long before his arrival you have decided that undoubtedly he perished on the way and you have decided to telephone this message.

Your messenger boy comes just in time to make you lose money and keep you from hearing your party on the other end of the line. You tell him to sit down until you are thru with your conversation.

If you had told him to stand there he would have sat some where if he had had to drape himself over the floor. But you tell him to sit and he insists on walking around your office, peering into your private affairs, reading your correspondence over your shoulder and blowing the smoke from his cigaret all over you.

The feet of every messenger boy I have ever seen undoubtedly weigh more than those of any other on the force of the New York city police department. I have decided long ago that all messenger boys were born tired and suffered a relapse.

You finish your conversation and ask him where he has been. He tells you he just got word to come up, and immediately begins to breathing deep to lead you into believing that he has run all the way from his office. Just about that time your phone rings and the manager of the service that furnished this boy calls up and asks if you are going to keep his messenger all day. The boy goes and you see nothing but mud all over your floor.

But he's a pest that you must tolerate and make the best of.

MISSIONARIES ARRIVE

Washington, Aug. 16.—Fifteen members of the American mission in Van, Turkish Armenia, who were present during the recent fighting in that vicinity, have arrived in Tiflis, broken down with work and hardship; one of their number having died before they left. Consul Smith at Tiflis today notified the state department that a Mrs. Usher had been received in Van and that her husband was now dangerously ill in Tiflis. While the other members of little bands of Americans are convalescent they are without money or proper clothing.

CUTS CITY SALARIES.

Nashville, Tenn., Aug. 16.—Chancellor Allison today cut salaries of all city officials and employees from the mayor down 25 per cent and authorized a municipal loan of \$167,000 for current expenses. The city's credit is not impaired.

OCTOBER 6-7-8-9

WILSON CANCELS CABINET MEET

Washington, Aug. 16.—President Wilson cancelled tomorrow's regular cabinet meeting as well as his usual Tuesday conference with the Washington correspondents. The president had planned to see Secretary Daniels and Rear Admiral William S. Benson, chief of operations today on the question of national defenses, but postponed the meeting because of other business. Late this week the president will see Secretary Garrison. Neither Secretary Daniels and Secretary Garrison has completed the report on national defenses for which President Wilson is waiting. Administration officials are pressing the president to return to Cornish for as much rest as possible but he has engagements which will keep him in Washington for at least another week. The indications are he may not go back to Cornish before September 1.

AMERICAN NOTE IS DELIVERED IN BERLIN

Washington, Aug. 16.—The American reply to the last German note on the sinking of the American sailing ship William P. Frye by the Prinz Eitel Friedrich, has been delivered to the Berlin foreign office by Ambassador Gerard, and will be given out here by the state department tomorrow morning for publication in Tuesday afternoon papers. It is brief and accepts the commission method of determining damages but rejects the proposal to arbitrate the disputed portions of the Prussian-American treaty.

WONT VISIT SOLDIERS.

Washington, Aug. 16.—President Wilson will not visit the citizen soldiery camp at Plattsburg, N. Y., because he feels public business forbids him to leave Washington at this time. He has written Major General Leonard Wood, who invited him to the camp, expressing his regret and his interest in the movement.

SHOOT'S HIMSELF.

Detroit, Mich., Aug. 16.—Geo. Andrew Lewis, head of the Lewis School for Stammerers of this city shot himself three times today, once in the head and twice in the breasts. He was removed to a hospital where physicians said there was practically no hope for his recovery. Despondency over sickness is believed to have been responsible for the shooting.

KORN KARNIVAL BOOSTERS PLAN TO GO ON VISITS

Directors of the Business Men's Association and the chairman of the different committees will meet at the offices of the Association this evening at 7:30 o'clock to discuss further the plans for the Korn Karnival in October.

Matters of importance are scheduled to come up at this meeting. Allotment of space for exhibits will be discussed, and something definite along this line will be decided upon.

A resolution calling upon every director and the majority of the members to attend the Lucasville Fair Thursday will be presented, and is sure of being passed unanimously. It is hoped to have between 75 and 100 in the party, each of whom will be a Korn Karnival booster.

Amusement will also be started at this meeting to take a delegation of 100 business men of Portsmouth to the Ironton Apple Show one day, to boost for the Korn Karnival.

A delegation of directors, accompanied by Oscar Mitchell, the assistant secretary, will go to the Harrisonville Reunion Tuesday, and will take a large amount of Korn Karnival advertising matter which they will distribute in that section of the country.

Chairman Si Straus of the amusement committee will report on the progress of his committee. He has matters in such shape that a fine line of free attractions is assured.

Every feature of the Korn Karnival will be discussed at length, and interest and enthusiasm will be stimulated. Meetings will be held more often from now on, as the affairs of the Association are assuming definite shape.

Within the next week or ten days the finance committee will start to work among the members, soliciting subscriptions for the Karnival fund.

CHAMPION PACERS WILL DECIDE TITLE TODAY

Cleveland, Aug. 16.—Which of two stallions is the champion racing pacer will be decided this afternoon when Directum 1, and William will meet at North Randall in their fifth match race. Each has won two of the four matches previously raced. Another interesting event on the card is between Lee Axworthy and Peter Volo which will be the first match race in history between two trotting stallions with marks of 2:05 or better.

Edward McMahon Gets Fine Promotion

Mrs. James McMahon and daughter, Margaret, who have been visiting the former's son, Edward McMahon at St. Louis, for the past three months, returned Sunday at midnight. Mr. McMahon, who has been the Missouri

"THREE HELLS" SAYS EVANGELIST

Evangelist King preached a strong sermon last night at the Terminal Tabernacle from the text in Psalm 116:3-4. "The sorrows of death compassed me, and the pains of hell got hold upon me. I found trouble and sorrow. Then called I upon the name of the Lord: O Lord, I beseech thee, deliver my soul."

The evangelist spoke in part as follows: It caused me much pain when the fears of death took hold upon me. I would lay down upon my pillow at night and wonder what would become of my soul if I should never wake again. It was the fear of death that got hold of me. David said more than this. David said the pains of hell got hold of me. I am going to preach the Bible because it is God's truth. The reason why folks get scared and run away from a gospel sermon because somebody mentions something about hell and disturbs their conscience is because the tongues of those who blow the silver trumpet are silent on the thing.

The reason Mr. Russell can ship carloads of his hellish literature in this place and men swallow his teaching eagerly is because the ministers of the city are silent on the subject of an eternal, everlasting brimstone hell for all those who will not get saved and confess their sin and straighten up. I am going to preach tonight about three hells and some folks don't believe in one. Hell in the heart, hell in the home and hell hereafter.

In the city of Washington, D. C., a few years ago 400 preachers raised their hands to heaven and said they did not believe in a literal brimstone hell but that does not take my text out of the Bible. You get your first introduction to hell right in this present world. Men have a portion of it right in their hearts.

God is in the uncovering business. You may cover up your sin with morality, education, refinement but be sure your sin will find you out. When the pangs of hell get hold of the conscience it is a awful thing. Why so many suicides? Men can't stand the pangs of hell gnawing at their conscience any longer. Hell in the heart makes hell in the home and hell in the heart and hell in the home makes hell hereafter.

After a vivid description of hell in the home raised by hell in the heart the evangelist gave an earnest call to men and women to get right with God. Three souls knelt at the altar and others raised their hands for prayer.

Service each evening this week at 7:30.

Louis Vetter, John Reitz, Misses Madeline Augustin and Mabel Goodman motored to Ironton yesterday and spent a delightful day.

Sister M. Assumption is here from Rochester, Minn., visiting among her many relatives, the Glockner and Sommer families in this city. Yesterday she was the guest of Mr. and Mrs. John Vetter, on Third street, and to celebrate the thirty-fifth anniversary of her taking the veil and also it being the anniversary of her name, Feast of the Assumption, and in honor of the events her relatives showed her with pretty postcards. She is thoroughly enjoying her visit, which will continue for another week.

Mrs. George Martin, of Huntington, is spending this week at the home of Mr. and Mrs. E. C. Marsh, of Eleventh street.

Mr. and Mrs. F. W. Ehrlich and son, Philip, and Mrs. Addie Peters, of Ironton, motored down to Sciotoville, Sunday, and were guests at the home of Mr. and Mrs. Loren Yost, who also had as guests Mr. and Mrs. F. L. Sikes and daughter, Maurita.

The Movies

"Womanhood" Tonight at the Columbia.

"Motherhood", the headliner on this evening's program is considered a real gem in three acts. This is a most beautiful picture story featuring Bessie Elyon and a strong supporting company; a story that will grip your attention from beginning to end.

A "Billie Reeves" comedy entitled "When Willy Sleeps" is another one of those funny comedies of life at Atlantic City.

Also on tonight's bill is another reel of Paramount Travel pictures. The trip tonight takes you through Santiago, the Chilean capital and many other interesting places.

For Tuesday, you will find a four reel drama on modern life in "June Friday" a photodrama taken from the book by Lee Arthur and featuring Miss Gertrude McCoy in the dual role of mother and daughter.

For Wednesday and Thursday, Manager Tynas takes great pleasure in announcing the first appearance in Portsmouth of Essanay's greatest feature, "Grand Stark."

This great photo play is dramatized from George Barré McCutcheon's most popular novel,

Mrs. Ira Buffington and sister, Miss Gypsy Willis, will leave this week for Leland, Mich., to spend a month.

Miss Anna Laura Mitchell, of the Chillicothe pike, has gone to Parkersburg to spend two weeks visiting friends.

that has been read by millions all over the world.

Some of the great scenes in this picture were taken in New York, Chicago, Washington and on the train en route from Denver to Washington, but the setting is chiefly laid in that mythical country of Graustark.

The scenes in the United States were taken at the exact spots represented in the novel, including the famous stage coach ride over the rough roads in the foot-hills in the Allegheny Mountains.

The drama is that type of romance that appeals to all and Francis X. Bushman as Greenfall Lory, the hero of the story is the type of American beloved by all lovers of fiction; rich, handsome and daring, he falls in love with a princess (Beverly Bayne) traveling in disguise and follows her half way round the world to win her hand.

The cast in this production consists of all the stars of the Essanay companies, including Francis X. Bushman, Beverly Bayne, Edna Mayo, Bryant Washburn, Helen Dunbar, Thomas Comerford, Ernest Maupain and hundreds of "extras" in the many big scenes.

Detroit Electric

Doubled output for 1916 reduces prices as low as \$1975

As this town has electricity it is a practical Detroit Electric car town. Long stretches of paved streets are not a necessity for this car with its great power and remarkably easy riding qualities. Detroit Electric owners have demonstrated that it is just as good for interurban motoring as it is for driving about town.

August 15 we reduce the price \$600 to \$725 per car

Remember—these are the same high quality cars as our 1915 models plus a score or more of 1916 refinements. Even while lowering the price, we bettered the car. In the 1916 Detroit Electric, you will find—we believe—the top place-car of its type. We urge you to match it—if you can—in elegance, quality, utility, or value in the entire closed car field—gasoline or electric. This price reduction is possible only because of doubled output.

You get these savings

Our doubled production leads to many economies in all overhead expenses, in purchasing, in advertising, in sales cost, in engineering. All the savings effected by our larger operations we hand on to you—and take our benefit from doubled volume.

Here are the 1916 prices

Model 61 4-Passenger Brougham (Formerly \$2,600) — Now \$1,975
Model 60 5-Pass. Duplex Drive Brougham (Formerly \$2,600) — Now \$2,275
Model 59 5-Pass. Rear Drive Brougham (Formerly \$2,350) — Now \$2,225
Model 58 5-Pass. Front Drive Brougham (Formerly \$2,350) — Now \$2,250
Model 57 4-Pass. Rear Drive Brougham (Formerly \$2,350) — Now \$2,175
Model 56 3-Pass. Cabriolet (Formerly \$2,050) — Now \$2,075

You may have either the worn level gear or the worn gear, wire or wood wheels, cushion or pneumatic tires, as optional equipment

Investigate the Detroit Electric at once—and learn why the 1916 Detroit Electric is the preferable car for you. Current for battery charging is furnished by your central power station at low rates (\$5 to \$7 per month) and is

Faulkner Comments On The Hard-Bannon Political Scrap

In the Sunday Cincinnati Enquirer James W. Faulkner, the paper's political writer of Columbus, Ohio, had the following to say concerning the recent political battle between Charles E. Hard and Attorney Bannan in the Republican mayoralty primary:

After repeated warnings and a long line of examples in point Hon. Harry Bannan, of Portsmouth, who, as his enemies say, aspires to be the Carranza of the Tenth Congressional District, seems to have made the blunder of attempting to bury a politician before he was dead. Because of this error he has been kicked in the diaphragm, and at last accounts hadn't recovered sufficient breath to explain how he felt. The politician aforesaid was Hon. Charles Hard, Vice Chairman of the Republican State Executive committee who in one of these old fashioned, black-jack, bottle-of-rum and dollar-a-vote-down primaries, beat Bannan's man for the Republican nomination for mayor and succeeded in landing his own candidate, Mr. "Bert" Kays.

Bannan went after Hard much as he does after a witness in a railroad damage suit—with both feet, all of his knuckles and with such of his teeth as are available for duty. Hard was charged with being hostile to the good, young governor, a disappointed and cankered officer-seeker, a political cadger and several other unpleasant things. In return the vice chairman accused Bannan of being a brutal, beetling browed boss, a soulless corporation coward, a scoundrel and a crusher of honest labor, reading in support of the last allegation the famous Mulhall letters relating to a Portsmouth strike. Everybody in Portsmouth got excited, the papers got out special extra editions, and Mayor Adam Fick kept the police in reserve at the station house to maintain order until the militia could arrive with machine guns. On election day, however, Hon. Roy McElhenny, who carried Scioto county for congress last fall, was

the only victim of violence. While he was shaking the eyeglasses of the vice chairman's nose to emphasize a gentlemanly request for an apology, Hon. "Pete" Yeager landed a Dutch winder on his jaw. Both escaped before the minions of the law could pinch them for dissolute conduct.

But the honest Republican voters made a decision, and it favored Hard, whose crowd is now in the saddle, so to speak. If Bannan had any aspirations to go Carranzaing around, as it were, they have been frost bitten. Notice

has been sent here to the capitol that it will be well for the state administration to call in Harry's key to the private office, and to make note of the fact that Mr. Hard is alive and in full possession of his faculties. The main trouble ahead seems to be the elimination of the statements made during the campaign by the various crowds. They all told intimate bedroom party secrets, which the scurrilous editors put into print as an ending record. Some of them are undoubtedly true.

Winchester Will Be 100 Years Old Soon

Winchester, O., will celebrate the one hundredth anniversary of its founding Wednesday, Thursday and Friday, September 1, 2 and 3rd. A splendid program has been arranged for the three days of the centennial and home coming. Wednesday afternoon Honorable David K. Watson will deliver an address on "The Builders of a State". The Boy Scouts and Camp Fire Girls will take active parts in the celebration. Thursday morning there will be a representation of Morgan Raiders entering Winchester and in the afternoon a representation of the arrival of General Hobson's army in pursuit of Morgan. Honorable Charles C. Kearns will deliver an address Thursday on the subject of "Southern Ohio in the Civil War."

The chief attractions for Friday are an address by Honorable Robert M. Switzer and parade of fraternal organizations. Band concerts, a historical street pageant, automobile parade and Home Comers' Reunion complete the program.

Youths Accused

Affidavits were filed in juvenile court Monday against Roy Rayburn, Gilbert Sparks, Charles Willis and Roy Willis, four Buena Vista youths, charging them with delinquency. Clifton Graham, of Buena Vista, filed them, claiming that the youths were guilty of disturbing religious meetings and other wrong acts. Hearing is set for Saturday.

SOCIETY

Members of the H. L. A. and girl friends spent a very delightful Sunday at Camp Chesapeake above Sciotoville. Mary Fairnace, Olga Blooma, May Callender, Ruth Baker and Messrs. Oscar McBurn, Roy Thornton, Joe Henry, Joe Siler, Ralph Hawkins, Ellsworth Damon, Clifton Morgan, Houston Fredlock, Clara Guley and T. Edwin Baker formed the party.

Mr. and Mrs. Alex Blair and daughter Ruth, Mr. and Mrs. John Wolf and three children, Ella, Elizabeth and baby Edith, motored to Fronton Sunday in the Blair car. The party arrived home at 7 p. m. after a delightful trip.

THE MAN WITH THE GROUCH

By Joseph Wallace.

FTER he had gone two or three blocks the Man-with-the-Grouch began to get some idea of a fitting answer to the pet little woman with the upturned nose who had said something cutting and personal to him.

"That's my trouble," he said; "my mind works so slowly."

"Now I can appreciate the wonderful expressiveness of the French, who, referring to the bright thing which pops into your mind when it's too late to use it, call it 'the wit of the staircase'—the thing that you think of on the way up to bed."

"Of course, it's too late to serve your purpose by that time."

"The hardest thing in the world is to say something on the spur of the moment that shall be not merely brief but pointed."

"If you stop to work over it the effect is lost. It is as futile as the effort to

"I'd like to live in England," he said once, "if it were not for two things, coal smoke and Englishmen, and I can't endure either."

"Then, there was this amusing note about Sandfield, a professor at Göttingen. Heine considered the University of Göttingen a place of pedantry and palliation. Professor Sandfield had written caustic pamphlets against Napoleon."

Contract Awarded

Contractor John A. Grimes has been awarded the contract for constructing a storm sewer on Walnut street, Terminals, at his figure of \$395. James A. Kelley was the only other bidder at the opening Tuesday at the service office, his figure being \$425. Work commences at once.

Forgery Charge

Officer Roy Moore succeeded in taking in custody Monday a Svede, named Bill Weed, charged by Contractor White, of the township with forging orders in his name. It is claimed the fellow passed a couple at a Market street saloon. When captured he was forced to return money received from the orders and was then released.

FAMOUS PIANISTE WANTS A DIVORCE

Mrs. Clara Ulrick, young wife of James Ulrick, of 943 Mill street, Mrs. Ulrick had been ailing since April and for the last several weeks was seriously ill, death coming shortly after nine-thirty o'clock Saturday evening. The deceased struggled bravely to throw off the attack of malarial fever until Saturday morning, when she lapsed into unconsciousness.

Mrs. Ulrick before marriage was Miss Clara Smith, eldest daughter of Warren and Amelia Smith, of White Oak, Ky., back of Fullerton. About twelve years ago the deceased came to Portsmouth to work in a glass factory. June 9, 1906, she was united in marriage to James Ulrick. To this happy union one child, Delmar, eight years of age, was born. Mr. Ulrick is a well-known shoe-worker and his numerous friends join with him in his sorrow.

The mother of the deceased passed to the Great Beyond over four years ago. Mrs. Ulrick was born September 13, 1896, at White Oak, Ky., where she was raised and lived until the time she came to the city.

Besides her bereaved husband and son, the deceased leaves her father, Warren Smith, of White Oak, Ky., and two sisters, Mrs. May Timberlake, of Morton Hill, Ky., and Mrs. Edna Conley, of White Oak, Ky.

Mrs. Ulrick had a legion of friends who held her in high esteem. She was always ready to lend a helping hand and her frequent acts

of kindness will be greatly missed. The funeral was held from the home, 943 Mill street this afternoon (Monday) at two o'clock. Rev. Mr. Oakes, of the Christian church at Fullerton, having charge of the last rites. Interment was made in Greenlawn.

Wm. Bushway
A Sidney, O., paper says: "The funeral of the late William Bushway was held at the home of his mother on south Main avenue, Friday afternoon at two o'clock, and was conducted by Rev. Arming-ton of the M. E. church, assisted by Rev. McCaslin, for many years a friend of the family and the pall bearers were old school friends of the deceased. Lead Kindly Light and Perfect Peace were sympathetically sung by a trio composed of Misses Myra Minniear, Frances Taylor and Mrs. G. U. Rhees, and the floral tributes were most beautiful and showed the esteem for the many friends. The Sidney druggists sent a most magnificent piece. The friends from a distance were: Mr. and Mrs. German Warner and two daughters, Kate and Mary, Mr. and Mrs. Moses Hupman and two sons, Fowler and Walter, Mr. and Mrs. George Hupman, brothers and sisters of Mrs. Bushway of Greenville; Mr. and Mrs. Earl Martin and daughter, Dorothy and Mrs. Earl Anderson of Greenville; Mr. and Mrs. O. I. Drake of Springfield, Mr. W. S. Roberts and son George, of Port Jefferson."

Approve Bond

The county commissioners, in session Monday morning, approved the \$2000 bond of Henry Becker, county recorder-elect, with the U. S. Fidelity and Guaranty Company of Baltimore as surety. Mr. Becker takes office the first Monday in September.

The bond of the county surveyor was raised from \$2000 to \$5000 and John Harper, the surveyor-elect, will be required to furnish bond in that amount.

Files Charges

Frank Ward, of Lucasville, filed affidavits in juvenile court Monday against George Jordan and James Jordan, sons of Roy Jordan, of near Lucasville, charging them with incorrigibility. They will have a hearing next Saturday.

Mrs. Sarah J. Freeman
Death suddenly and unexpectedly summoned Mrs. Sarah J. Freeman at the home of a son, C. S. Freeman, 1203 Gay street, Saturday evening about 8 o'clock. Heart failure is attributed as the cause of the death.

Mrs. Freeman, who was a native of Karden, Ohio; was past 86 years of age. She was widely known as the proprietress of the "Home House" at Karden and enjoyable was her hospitality and meals, especially among traveling men who stopped there. She is survived by two daughters, Mrs. J. P. Newmau, city, and Mrs. W. A. Wright of Karden, and a son, C. S. Freeman at whose home she succumbed.

She was a member of the Christian Union church. Services were held at the Freeman home Monday afternoon by Rev. T. H. McAfee of the First Baptist church of this city. Interment was made at Greenlawn.

Big Values in Summer Millinery At Little Prices!

Our new Fall purchases of millinery are arriving and we are compelled to make room for the new goods. This means that all summer hats and hat trimmings must go, and go AT ONCE. We have gone through our stock, cutting prices to the quick so that these small lots are bound to be purchased in a hurry by wise shoppers. Don't delay your coming as quantities are very limited. The following riddance prices will prevail until all summer millinery is sold.

Choice of Women's Trimmed HATS former prices up to \$7.00, now	25c	Women's Black Toques, values up to \$3.50, now	50c
Choice of Children's Trimmed and Untrimmed Hats, former prices up to \$1.50 now	25c	One lot Leghorns, former prices up to \$4.00, special for	98c
One lot Panama Hats, worth up to \$2.50 now only	50c	One lot Flowers, special	10c
One lot Women's Untrimmed Shapes values up to \$2.00 for	10c	One lot Flowers special	18c
		50 Parasols, formerly sold up to \$3 now only	50c
		Riddance Prices prevail all over the store. Buy while the buying is good.

AS TO OUR EXPERIENCE.

Roscoe is discussing the advisability of installing a public drinking fountain, mind you just one, on the ground immediately about her fine new city hall. The matter is being discussed editorially in the local press, and "the consensus of opinion", as reporters more than frequently report, is that it would be a most desirable accommodation.

Perhaps, the experience of Portsmouth along this particular line may interest the thriving and progressive town further up the road. Along about the year 1911, in the lustrous administration of Henry Clay Searcy, the city set four or five drinking fountains to going. They proved most popular, more especially among the country people and strangers in town. Their installation cost little, somewhere around a total of eight hundred dollars, but their up-keep proved expensive, since ice cold water was served through them, and the water, being taken directly from the river had to be first filtered to make it drinkable, while the acids carried in the waters were damaging the fountains and making repairs constantly necessary and expensive. With a change of administration the fountains were all allowed to fall into disuse and some of them were actually taken up and carried away. This is now looked upon as a grievous mistake, more particularly since the new system in operation would furnish water entirely suitable for drinking purposes and without requiring to be cooled by ice.

LOOK UP THE DEFINITION.

What's biting the Bluefield Telegraph, that it takes this sinister jab at that distinguished diplomat, our friend, Hon. Elliott Northcott, of Huntington: "It is a very obscure citizen, who can't get his name in the papers, at this time, in connection with the Republican nomination for governor. At least a dozen have been pointed out as threatening to be candidates, and the latest is Hon. Elliott Northcott, of Cabell county." Now, that's real mean. Elliott obscure! Why man, he's lustrous. Hasn't he drawn down a handsome stipend as United States district attorney? Hasn't he shone for as much as five months as minister to Venezuela or some other 5x4 Central American government of the time? Hasn't he been pestleing around for twenty years and more as "an influential leader in southwestern West Virginia," and last but not least, hasn't he put on a shine, every time some office worth while had the strings on it untied for a moment?

We advise the esteemed Telegraph to get out an advertising copy of Webster's and look up what obscure means, as applied to statesmanship.

Governor Frank B. Willis has at last done a positive thing and has wiped out the charge that he is a do-nothing chief executive. According to the press bureau attached to his office he "ate eleven chicken gizzards at one sitting at the Jamestown Chautauqua, saying that all his life he had never been able to get enough gizzards." It is pleasing to learn at the same time that the first citizen of the state also cleaned off several plates of fixings and established a record for dumplings consumed. Eleven chicken gizzards! Golly! But then down here in Portsmouth the governor's friends had to sit down to a dinner of crow and what's worse, had to jump through hoops, bow and scrape publicly before the victors and otherwise make a noise like they enjoyed the dish.

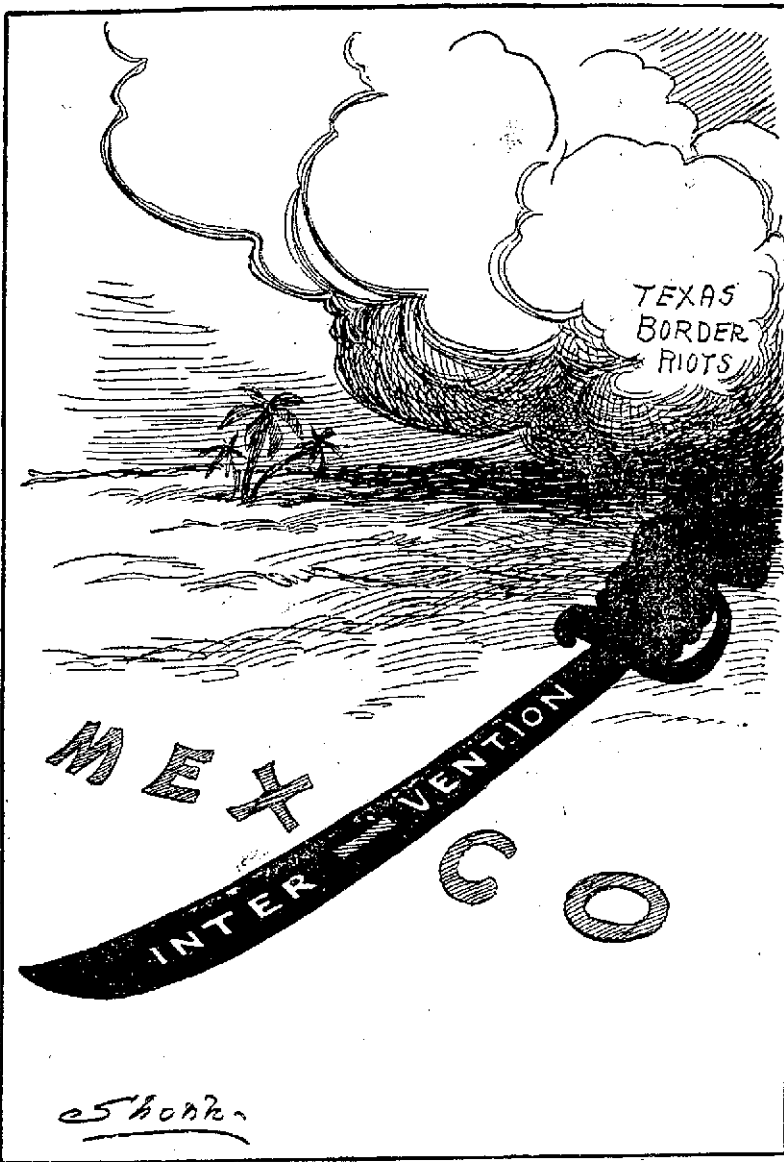

The victorious Kaps faction and its organ are having great fun these days. They seem to think that they are so sure of victory this fall that they can indulge in merry-making at the expense of Democrats in general and The Times in particular. Thus they evolved a cartoon with Miss Democracy handing Frick to The Times and asking the question, "will he take it?"

Well, it is due to be cocksure of victory. But sometimes the winners in August find themselves without a shirt to their backs in November and happy young Mr. Kaps may waken up to find himself only another example of misplaced confidence and glittering promises that failed to materialize.

No, the wets are not responsible for raising the alarm, "Be aware of buttermilk!" One of those scientific college professors, who hibernates somewhere about Chicago, makes the pronouncement that the ordinary brand of the lactical rival, even in bar rooms, of spirits, is teeming and surging with the bacteria that provokes dysentery, typhoid, diphtheria, tuberculosis and cholera. And if there be any other malady of especial deadliness lurking about it will absorb it and then escape the human system with it. Get so after awhile a man will have to have a chemist, a microbiologist, a doctor and a professor expert with every drink he takes, or bite he eats.

Ironton is making great preparations for her Apple Show which is to be held September 14, 15, 16, 17 and 18. A fine premium list offering more than \$2,000 in prizes, has been issued and the business men of the up-river town are bustling with might and main to make the displays a success. Last year Ironton had a great show. This year we hope that she will do even better, that the rains will all be over by that time and that her streets will be thronged with visitors throughout the carnival.

FORESHADOWED.

RESULTS OF NEWSPAPER READING.

In a public address the other day, Mr. W. W. Harris, of New York, made this statement in regard to the effect of newspaper reading:

"The constant reading of newspapers certainly has these results: An extension of popular vocabulary; an extension of popular information; a broadening of our world vision, for never have newspapers printed so much world news as of late years; an education in personal and international ethics."

The gentleman could have put it even more briefly and as forcefully by stating that in this day and age no man can be educated unless he closely follows the daily press. He cannot understand history, for history is being written every day. He cannot understand mechanics, for the daily paper records the activities of the mechanical world long before the technical journals hear of the events. He cannot understand economics, unless he reads the daily paper, because to understand economy one must also understand industrial and financial and commercial conditions. In short, he cannot understand the spirit of the times, unless he be a reader of the newspapers.—Columbus Dispatch.

Sure, "beer keg parties" on election day with a saloon-keeper and bar tender as hosts, are strictly non-partisan and what's more purely non-factional. How foolish in any one to hint otherwise.

As it stands now the new Scioto bridge will be done by November at the very latest. The towpath may be done some time next year. That is, unless the commissioners take charge of matters themselves and see that the work is completed.

Just because Ironton and Chillicothe have dropped out of the league is no reason why our base ball team should lose all of its pep and ginger.

Did you notice that even the weather man has gotten to shying off on his predictions and is now prefacing them with "probably?"

The Huntington Advertiser editorially announces that Bulgaria is going to join with the Allies. It would be a gladstone day with the Allies when the assurance of the Advertiser reaches them.

Did you notice that the N. & W. shops have gone on a nine hour day basis? The good times are coming mighty fast for the Peerless.

In making your plans these days just figure in as a certainty the daily thunder storm. It is one of the things that can be counted upon as a never fail.

Portsmouth was truly a blockaded city Sunday. People could neither come nor go on account of the frightful temporary roads or the blocked bridges.

Sketches of Life OLD NEW YORK

New York, August 16.—Like Dorgan, who came over to Gotham from San Francisco to chase items for one of Mr. Hearst's journals, is to become a fight manager. He is a brother of Cartoonist Tad and has taken Frank Moran, just home from Gay Pareo, under his wing.

All that Moran has to do, according to Dorgan, is to knock out Jess Willard. Simple little thing! When Dorgan's friends heard of his sudden rise to fame, they decided to put on the feed-bags in his honor.

Herb Roth, of the World, and Rube Goldberg, of the Mail, used to play on the Frisco lots with both Dorgans and they had a fine assortment of yarns to dispense. One concerned the weary search by young Ike in every store, in the neighborhood for a "wall-paper stretcher." He finally was sent to the outskirts of the city and at midnight returned with what he supposed was the desired article.

He had almost broken his back toting home a bucket of sand.

S. S. McClure, the new editor of the Mail, is sighing for one hour of Dana and he has only been on Park Row a few weeks. McClure is putting a lot of ginger into the publication despite the predictions that he was a "magazine man" and very few of them make good newspaper editors.

McClure is especially touched over the fact that a few paragraphs are intimating that he is not exactly neutral—that is to say that the Mail, as forecast when he took control, is to be a pro-German journal.

Before his sigh for a Dana had died away, an unfeeling paragrapher of the Sun wrote: "If Mr. George Sylvester Viereck should be elected president next year—it is true that Mr. Viereck was not born in this country, but a constitution is only a scrap of paper—we urge Mr. S. S. McClure for secretary of the treasury."

Not that anybody cares especially, but news is news. Thus is chronicled the facts that Mr. Freeze makes ice cream on Third Avenue in Harlem and Foody Brothers have opened a business men's lunch on Eighth Avenue.

It was almost like a circus parade in a small town when the \$19,000,000 worth of gold was moved from the Grand Central station to the sub-treasury. Frank M. O'Brien, who stood on the sidewalk and watched, said it made him feel as discouraged as a common, ordinary idea at an aristocratic dog show.

City Magistrate Joseph Fitch has decided that a prisoner who has been sober for 364 days was entitled to get drunk once a year and he released the man on a suspended sentence. The next day

Magistrate Fitch ruled that a man may swear at home as much as he pleases so long as his family does not object.

As he views our laws, a woman may legally deal almost anything she wishes to her husband, except to murder him. Plugging his eye-socket with a tomato, cracking his head with a flat-iron—these are all little amenities that fall within her rights.

But if her suffrage-holding mate tries the same tactics he will be punished for his cruelty. The explanation is that the law still views woman as somewhat of a chattel. Her rights are, as such, limited, while her privileges of immunity are increased.

C. N. Landon, the famous Cleveland cartoonist, has returned home after a period of rusting around Gotham. He is not so sure that all of the fun poked at the Broadway sport shirts is not kalsomining the lily.

Landon could not be induced to wear one, however, but for the man who hasn't a prominent Adams apple he cannot see why it is not the sensible shirt. His view is also upheld in printed interviews with C. D. Gibson, Henry Hutt, Harrison Fisher and other artists.

They require a speedy return to their home. (Poor beggars—they'll never see home!)

—Rudyard Kipling.

How Awful

The Dances of Malta worked the Ruth degree on two candidates Wednesday evening.—Lewiston (Maine) Journal.

Of Course He Was

It is told of an Oklahoma editor that he visited an insane asylum while in St. Louis recently, and was mistaken by a lunatic for a fellow sufferer just arrived. Becoming confidential, the inmate asked the editor what made him go crazy, and to humor him the editor replied, "Trying to make money out of the newspaper business." "Rats!" said the lunatic, "you're not crazy; you're just a damn fool."

If He Had Wandered

"Isaac Epstein twenty years ago stood on this corner selling shoe strings. Now he owns the corner," said Levi enthusiastically.

"Think of it," moaned his friend, "if he had walked up and down, he would have owned the block."—Exchange.

On Dit

"My husband, Hortense, is utterly devoid of affection." "Pardon, madame, I have not found him so."—Life.

Johnny and the Mule

Johnny had a little mule. Its hoofs were hard as rock. He used to hitch the donkey up and drive him round the block. One day the little mule he stopped and would not move a shoe, so Johnny got his pocket knife and stuck him just a few. Now, when the donkey felt that knife he moved himself, you bet; and Johnny—well, he also moved; they haven't found him yet.—Exchange.

Great Scott!

"Was it your craving for drink that brought you here?" asked the sympathetic visitor at the jail. "Great Scott, ma'am! Do I look so stupid as to mistake this place for a saloon?"—Buffalo Courier.

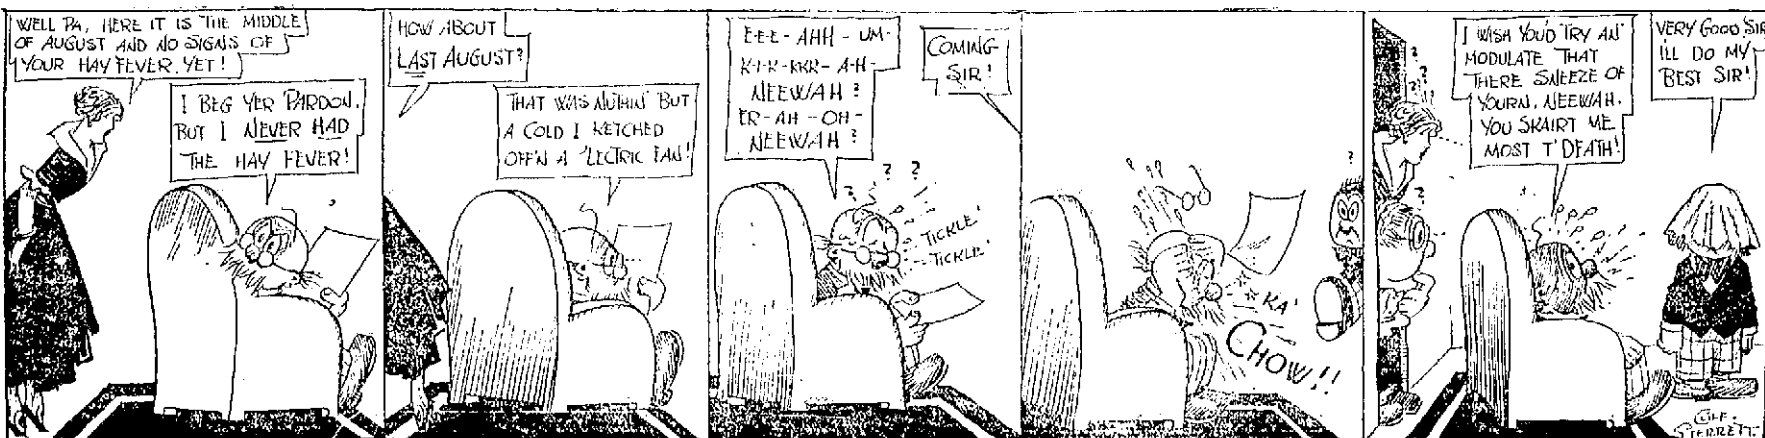

Help Needed

"Please, ma'am, remember sendin' some brandy to a fellow we saved from drownin' last Tuesday?" "Yes. What of it?" "He fell in again today."—Life.

Sound Philosophy

"Don't hate a man because he has lots of money," counsels a European philosopher. "Cultivate his acquaintance and see if there isn't some honest way you can separate him from some of it."—Kansas City Star.

POLLY AND HER PALS

A SNEEZE IS A TERRIBLE THING TO CONTROL.

Limousine With Heavy Tread

He was wandering aimlessly around in a department store when the floor walker approached him.

"Looking for something?" he asked.

"Yes, my wife," replied the man.

"Describe her."

"Well, she's a sort of a limousine with heavy tread and usually runs on low."—Ohio Motorist.

On Vacation.

Clarence Nodder, who is employed in the First National bank, began a two weeks' vacation Monday. Otto B. Maitre returned to his work in the bank after his annual vacation with his brother and sister-in-law, Mr. and Mrs. Eugene Maitre, of Philadelphia.

25 per cent of all school children have defective eyes.

Think of it—one in every four youngsters may develop serious eye trouble or even blindness.

It is the duty of every mother—every school teacher to watch for signs of eye weakness.

Children who hold books too far from or too near the eyes—who have headache—rolling shoulders—who are backward in their studies—who dread school, and are usually at times—the eyes of these need attention.

If you have reason to suspect eye strain in your children let us, through our examination, make sure of the fact or relieve your mind.

No charge for examination and glasses recommended only when necessary.

The Markets

NEW YORK STOCKS

New York, Aug. 16.—Active trading in war and motor shares was resumed at the opening of today's market with a new high record for Studebaker, which sold at an advance of almost 10 points in the first 15 minutes. American Can with an initial sale of 3,000 shares up to 61½ came within a small fraction of its best, while Crucible, Westinghouse, Willys Overland, Maxwell Motors, and some less prominent stocks rose one to six points. Later the more seasoned issues began to move forward, United States Steel rising over a point, railroads were mainly heavy, as a result of their weakness in London.

Steel and specialties were in further demand later dealers and railroads also showed a better tendency. The closing was strong.

Apart from further activity in war shares at higher prices today's market was characterized by considerable irregularity. A rally in exchange hardened prices at the end.

The speculative character of the market was indicated from the fact that Can which advanced almost 4 points to a new high record, together with Studebaker, Goodrich and Tennessee Copper, made up a very large part of the early trading. United States Steel was the actual leader, however, large blocks being exchanged at as high as 76½, a gain of 2½ from Saturday's close. Other strong specialties included Bethlehem Steel, Virginia Coal, Sears-

Roebuck and a score of miscellaneous issues. Railroad shares continued their irregular course, the further weakness in foreign exchange being a restraining influence. Bonds were irregular.

ILLUSION TRICK IS TO BE SHOWN AT THE FAIR

One of the big features of the big Lodaar Fair to be given at Dis-tel's hall early in September by the Order of Geeks is the home talent vaudeville entertainment. Headline acts include in "Illusion Trick" by Mrs. Fitzhugh Lee, formerly of the Anna Eva Fay Company, Samuel Williams in one of his characteristic monologues, Harry Porter in animal imitations, and plantation songs by the Geeks' quartette.

A stage will be erected in one end of the hall, and ample seating accommodations will be provided. Around the sides of the hall will be erected attractive booths containing articles for sale, exhibits, and schemes for raising funds, the whole of which will be added to the fund for providing needy school children with shoes and stockings this winter.

The ladies' executive committee held a meeting this afternoon to further the plans for their part of the fair, while the men's executive committee will meet for a similar purpose this evening.

RULES NURSES MUST FILE SEPARATE SUITS

Judge Thomas in common pleas court Monday morning, sustained the demurrer of City Solicitor McCall to the petition of the discharged student nurses of Hempstead hospital, on the ground that there was a misjoinder in parties plaintiff. Separate suits on behalf of each plaintiff will have to be filed, instead of one petition on behalf of all of them, according to the court's ruling. They sought an order from the court requiring Safety Director Lick to reinstate them to their old positions.

Attorney Edgar Millar, who represented the nurses before court Monday morning, was granted leave to file amended petitions. He stated that separate suits would be filed by the original plaintiffs who are still insisting upon reinstatement. The majority of them are out of the city, and will have to be notified of the court's ruling this morning before further action can be taken by their counsel. Miss Olivia Lemon, one of the original plaintiffs, has already been restored to her old place at the hospital by Director Lick.

ACCUSED MURDERER COMMITTS SUICIDE

South Bend, Ind., Aug. 16.—Silas N. Ebersole, a former Dunkard minister, held for the murder of 15-year-old Hazel Macklin in August, 1914, committed suicide by hanging himself in the county jail this morning.

Ebersole's body was found hanging to the iron bars in the rear of his cell by the turnkey, R. G. Barkley, early today, and the indications were that he had been dead for several hours. The former preacher broke off a small lead from a disinfectant apparatus in the hallway, near his cell and twisted it about his neck and around the bars of the cell over his head. He had trussed himself with towels and blankets, so that in his death struggle he would not be able to release himself from the pipe. Death was due to strangulation.

Ebersole left nothing in the way of a confession, according to coroner T. J. Swantz, but a letter addressed to his wife was found in the cell. The authorities say this had to do with business matters.

Exports Of Forest Products Curtailed

New Orleans, Aug. 16.—War's ber proper were 47 percent of the effects in curtailing American exports of forest products features the report of lumber exports for the fiscal year ended June 30, as published in the current issue of the Lumber Trade Journal of New Orleans. It shows that the past year's exports of all items under the head of wood and its manufactures decreased 52 percent, the value being \$49,937,653 compared to \$103,179,640 the previous year.

that it change or modify the rules of international usage during the progress of a war, on account of special conditions and declares that the idea of neutrality advanced by Austria would "involve a neutral nation in a mass of perplexities which would obscure the whole field of international obligations, produce economic confusion and deprive all commerce and industry of legitimate fields of enterprise of any heavy burden by the unavoidable restrictions of war."

Attention is directed to the fact that Austria-Hungary and Germany before the war produced a great surplus of war munitions and sold them throughout the world "especially to belligerents" and that "never during that period did either of them suggest or apply the principles now advocated by the imperial and royal government."

The note points out particularly that during the Boer war between Great Britain and the South Africa republics, the latter were in a position almost identical with that occupied by Germany and Austria at this time and that "in spite of the commercial isolations of one belligerent, Germany sold to Great Britain, the other belligerent, hundreds of thousands of rifles, explosives, ammunition, cartridges, shot and weapons and Austria-Hungary also sold similar munitions to the same purchases, though in small quantities."

2,000 Americans Fight With Canadians

London, Aug. 16.—There are no fewer than 2,000 Americans in the ranks of the Canadian military contingent, said Major General Samuel Hughes, Canadian minister of militia, at a meeting of Americans held here last night. "I have already written letters of gratitude and sympathy," said General Hughes, "to brothers of American boys who fell while fighting in Flanders with Canadian comrades. More than 2,000 enlisted and we could have many more if we wish. Any number of West Pointers offered their services as officers and some are now with us."

Ohio Midshipman Dismissed By Board

Washington, Aug. 16.—Dismissal of two midshipmen and the disciplining of twelve others for alleged "cribbing" at the United States Naval Academy are revealed today as the result of the findings of the court of inquiry which investigated irregularities in examinations and recitations at the academy.

The midshipmen dismissed with the approval of President Wilson were Ralph M. Norman, Jr., of Peekskill, N. Y., and Charles M. Reagle, of Wellsville, Ohio. The court's recommendations that the others be disciplined were approved by Secretary Daniels.

Drastic changes in the conduct of examinations are recommended by the court in a unanimous report of its inquiry begun in June. Abolition of the practice of giving out "dope" or advanced information unless heads of departments issue it by memoranda and less rigorous examinations are the principal recommendations.

HALF OF TOWN BURNS

Reno, Nev., Aug. 16.—Twelve buildings, constituting about half of the business of Upper Rochester are in ruins today as the result of a fire which burned for several hours yesterday. The loss is estimated at \$200,000. Upper Rochester is a gold and silver mining camp in Humboldt county, about 200 miles east of here.

Sylvia Pankhurst Refuses To Register

London, August 16.—Sylvia Pankhurst, famed as a militant suffragist, will not comply with the national registry regulations, she asserts. "I am not going to register, that is all I know about it," declared Mrs. Pankhurst at a meeting followed by a demonstration of East London suffragettes.

10,000 Educators Meet In Oakland

Oakland, Calif., Aug. 16.—Every incoming train and steamer continued today to increase the hosts of delegates that have gathered here for the fifty-third annual convention of the National Education Association and it was estimated that 10,000 were on hand for the opening session. Representatives from 27 foreign countries are expected to participate in the 15-day convention. National Council of Education, the International Kindergarten Union, the American School Peace League, and numerous other allied organizations will meet in conjunction with the parent body.

MORGAN RETURNS TO WALL STREET OFFICE

New York, Aug. 16.—J. P. Morgan appeared at the office of J. P. Morgan and company, in Wall Street today for the first time since he was shot at his summer home at Glen Cove, L. Office Building Site Considered By Board

Columbus, Aug. 16.—Members of the commission appointed Saturday by Governor Willis to plan a big office building for the state are expected to meet soon and take up the question of the site of the structure. The present indications are that any attempt on the part of the commission to locate a new building on the present state house grounds will be fought by Columbus civilians and civic organizations.

Although the members have not intimated where they will locate the office structure, one of them, T. E. Davey, of the board of administration, told the executive committee last winter that he favored placing an office building on one of the corners of the state house grounds. This, he asserted, would meet with the strongest opposition of citizens of Columbus, but would save the state the expense of purchasing a site. Many citizens of the

board of administration, will serve on the commission.

Capital City who tried in vain to induce state officials not to build the present judiciary building on the state house grounds years ago will again be active when an office building site is being considered. Attempts will be made to induce the commission to locate the office building in such a manner that it will make up one unit in a proposed civic center group. Two state senators, two representatives and three state officials are members of the commission which will have \$150,000 immediately available for preliminary work and purchase of a site, if necessary. Senators O. E. Vollenweider, of Vinton county, and Louis E. White, of Erie, Representatives George S. Crawford, of Monroe, and K. W. Swan, of Preble; Adjutant D. W. Hough and D. S. Crenner and T. E. Davey, both members of the board of administration, will serve on the commission.

bers his apostolic benediction.

Affiliated with the federation the report shows, are thirty national organizations and twenty-five Catholic institutions. Many of these national organizations are composed of natives of the countries now at war, both allies of the belligerents being represented.

A special commission consisting of Richard T. Tierney and John Whalen of New York and Henry V. Cunningham, the report said, had called upon President Wilson and the secretary of state and submitted to the latter certified documents disclosing many outrages committed in Mexico against the Catholic church, priests and sisterhoods.

An extensive review of the federation's crusade against indecent theatrical performances, moving picture shows, pictures and postcards also was contained in the report.

cheats police by killing himself

Dublin, Ireland, Aug. 16.—David Johnston was found dead this morning beneath a window of his house in Lurgan, in which for two days he had withstood a siege of the constabulary. A bullet wound below his eye and an empty revolver clutched in his hand indicated he had used his last cartridge to cheat the police of their quarry.

Johnston who is believed to have been mentally irresponsible precipitated the trouble on Saturday by firing at registry enumerators who went to his house to deliver the official form in connection with the national registration now in way.

St. Louis, Aug. 16.—The Business Men's League of the city and those who were invited to its luncheon in honor of William H. formed that the following communication has been sent to many

prominent persons in Mexico who possess authority or military power within the republic."

Then follows the appeal, dated at Washington, August 1:

"The undersigned, the secretary of state of the United States the ambassadors extraordinary and plenipotentiary of Brazil, Chile and Argentina, and the envoys extraordinary and ministers plenipotentiary of Bolivia, Uruguay and Guatemala, accredited to the government of the United States of America acting severally and independently unanimously send to you the following communication:

"Inspired by the most sincere spirit of American fraternity, and convinced that they rightly interpret the earnest wish of the entire continent, have met informally at the suggestion of the secretary of state of the United States to consider the Mexican situation and to ascertain whether their friendly and disinterested help could be successfully employed to re-establish peace and constitutional order in our sister republic.

"In the heat of the frightful struggle which for so long has steeped in blood the Mexican soil, doubtless all may well have lost sight of the dissolving effects of the strife upon the most vital conditions of the national existence not only upon the life and liberty of the inhabitants, but on the prestige and security of the country. We cannot doubt, however—no one can doubt—that in the presence of a sympathetic appeal from their brothers of America, recalling to them these disastrous effects, asking them to save their mother land from an abyss—no one can doubt, we repeat—that the patriotism of the men who lead or aid in any way the bloody strife will not remain unmoved; no one can doubt much, and everyone of them measuring in his conscience his share in the responsibilities of past misfortune and looking forward to his share in the glory of the pacification and reconstruction of the country will respond, nobly and resolutely, to this friendly appeal and give their best efforts to opening the way to some saving action.

We, the undersigned, believe that if the men directing the armed movements in Mexico—whether political or military chiefs—should agree to meet, either in person or by delegates, far from the sound of cannon—and with no other inspiration save the thought of their afflicted land, there to exchange ideas and to determine the fate of the country—from such action would undoubtedly result the strong and unyielding agreement requisite to the creation of a provisional government which should adopt the first steps necessary to the constitutional reconstruction of the country—and to issue the first and most essential of them all the immediate call to general action.

"An adequate place within the Mexican frontiers, which for the purpose might be neutralized should serve as the seat of the conference; in order to bring about a conference of this nature the undersigned or any of them, will willingly upon invitation, act as intermediaries to arrange the time, place and other details of such conference, if this action can in any way aid the Mexican people.

"The undersigned expect a reply to this communication within a reasonable time; and consider that such a time would be ten days after the communication is delivered, subject to prorogation for cause.

SERBS STOP ENEMY

Paris, Aug. 16.—A Havas dispatch from Nish, dated Sunday, says that on August 13, the Serbians, with a few shells, stopped the enemy from working on defenses in front of the village of Dobna, on the Danube. On the same day Serbian artillery before Velicocelo, near Belgrade, engaged in a duel with a hostile battery stationed at the village of Starchevo and at the twelfth shot reduced the enemy's guns, which had fired sixty shells, to silence.

Veterans To Discuss Better Defenses

Detroit, Mich., Aug. 16.—Consideration of the alleged necessity for a larger army with reserve corps was expected to occupy much of the attention of delegates who assembled here today for the sixteenth national encampment of the veterans of the foreign wars of the United States. The ladies auxiliaries of the veterans of foreign wars is also meeting here at this time.

FEAR INDIAN ATTACK

San Diego, Calif., Aug. 16.—Although the situation is quiet now, an attack on foreign property, on which the Indians are now foraging, is expected, according to word received today by the United States ship Colorado from Los Mochis. The commanding officer of the United States cruiser Cleveland held a consultation with a number of prominent Americans at the headquarters of the United Sugar Company at Los Mochis.

WILL BURY MARINE IN NATIONAL CEMETERY

New York, Aug. 16.—The body of William Gompers, the young sailor who was killed in Haiti on July 30 will be placed in a grave in the National burying ground at the Cypress Hills cemetery this afternoon. A large United States flag will be wrapped around the coffin.

At the funeral services held yesterday at the naval hospital in the Brooklyn navy yard, Samuel Gompers, president of the American Federation of Labor, the young man's uncle, read the letter written by President Wilson to the sailor's mother, expressing appreciation of his services to his country.

Uniform Rank Has Pitched Its Tents In Pretty York Park; Public Drills Daily

York Park resembles a regular military camp today, being the site of the annual state encampment of the uniformed rank, Jr. O. U. A. M., this week. The Second Ohio Regiment, under the command of Col. E. A. Llewellyn, arrived Sunday evening at 7 o'clock, about 150 strong, on the Steamer Majestic from Cincinnati, after having been on the river for twenty-four hours.

Engine trouble and long stops at the wharves along the way delayed the boat several hours, as the Cincinnati companies expected to arrive Sunday at noon and have their camps pitched before evening. This work had to be delayed until Monday morning and the men spent the night on the boat.

First Regiment Will Be Here

The first dress-parade will be held this evening at sunset, and will be participated in by every officer and private in camp, all in their full dress uniform of blue.

Bright and early this morning the uniformed members were carrying tents and camp equipment up the steep hill overlooking the Ohio river at York park, and by nine o'clock the camp was well under way. Guards were stationed about the camp to prevent trespassers from entering, as the officers would not permit visitors until the camp had been pitched.

With the Cincinnati delegation came a wireless signal corps, with a complete wireless apparatus, which will be open for inspection during the week. A complete kitchen and hospital equipment also is included in the property of the Cincinnati companies and the men will be well taken care of during the week.

The First Regiment, composed of companies from Middletown, Dayton, Hamilton and neighboring cities, is expected to arrive either Monday evening or Tuesday morning. It is in command of Col. William Varnell, of Dayton. At the same time, Brigadier-General Ware and his staff will arrive.

The noon train from Cincinnati brought further additions to the companies of the Second Regiment from Cincinnati, five companies of which are already in camp. The Portsmouth company makes the sixth company of the regiment. The Second Regiment band of thirty pieces arrived at noon.

Members are expected to arrive as late as Wednesday, when it is expected that the full quota of the different companies will be on the ground.

At noon Monday all of the large tents were in position, the hospital and kitchen tents were up and fully equipped and the officers and privates had settled down to real camp life. The park presents an attractive appearance with its white tents, arranged in orderly fashion and the men in full uniform.

The officers and men are garbed in full military style and military tactics and rules are strictly adhered to. The program each day is similar to that of any U. S. Army camp, beginning with reveille at 5:45 a. m. and closing with taps at 11 p. m.

Officers In Charge

Until the arrival of Brigadier-General Ware, Col. E. A. Llewellyn, of the First Regiment, is the

commanding officer. Captain Bammerlin is his adjutant. Other regimental officers in camp are Majors J. J. Lang and M. D. Beard, of the First Regiment, and Major John Scherz of brigade headquarters. Major DeArmond is in command of the battalion of the First Regiment.

Captain Theisen is in command of the wireless signal corps; Captain Kenninger, of the artillery, which consists now of one field gun; Captain Henry Mizner of the engineering corps; and Captain Albert Retsch of the commissary department.

In addition to over 400 men, fully armed and equipped, the camp will boast of a field band of thirty pieces, a signal corps, a hospital corps, an engineering corps, and a battery of artillery. The complete wireless signal outfit is in charge of Captain Theisen.

The individual tents are pitched in rows of five from north to south under the beautiful shade trees of York Park, and a more delightful spot for a camp during the summer months could not have been secured. The large kitchen tent is located at the edge of the hill, overlooking the river, with the officers' and corps' tents in the center of the camp.

Will Hold Daily Drills

The open space at the western end of the camp will be utilized for parade and drill grounds, and daily drills will be held, to which the public is cordially invited. The first drill is at 8:45 o'clock in the morning, with dress parade at sunset. No visitors will be allowed on the grounds between taps and reveille, and guards will be stationed around the grounds to prevent admittance.

Side features of the week's encampment include the Dixie Minstrel show given by the Second Regiment at the high school auditorium on Wednesday evening, at 8 o'clock, and the big sham battle at Millbrook park next Sunday afternoon, in which the entire camp will participate.

On Thursday noon city officials and members of Bailey Post, G. A. R., will be guests at the noon-day mess.

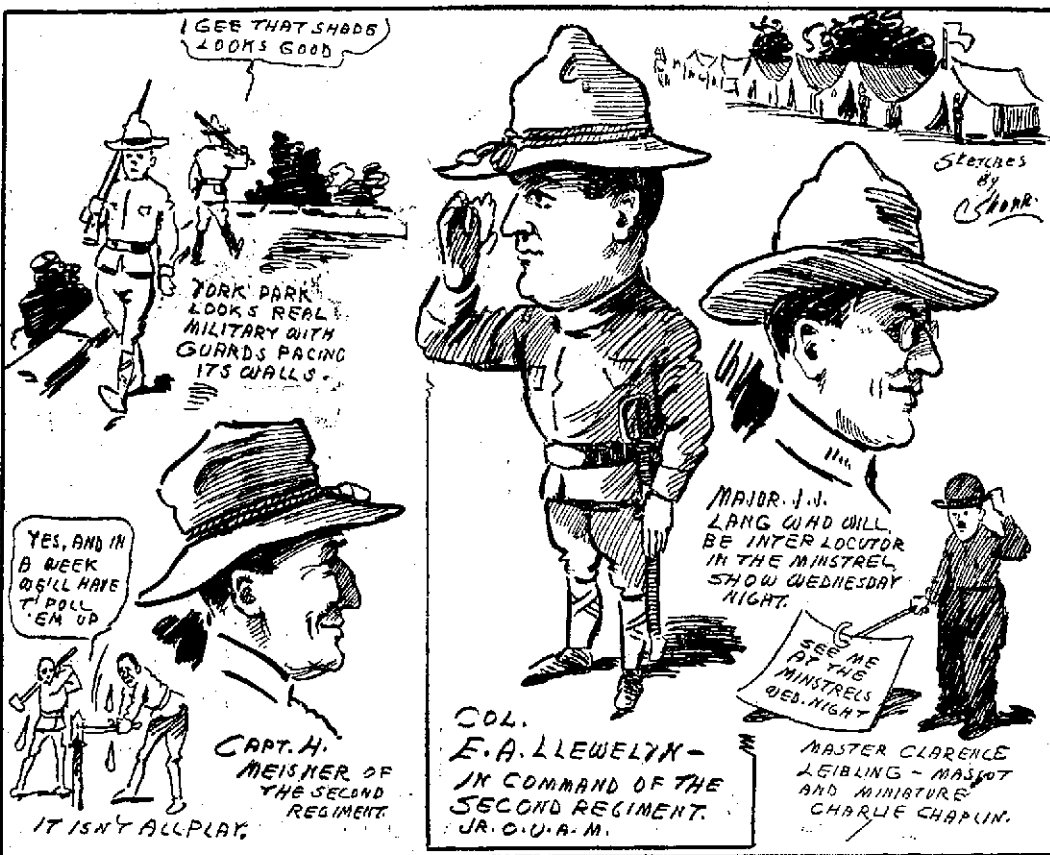

Arrangements for the camp and reception and entertainment of visitors were in charge of the members of Portsmouth Council, Jr. O. U. A. M., and the uniformed rank company, William E. Boyles, captain. The local boys are enjoying camp life this year in walking distance of their own homes.

Makes Date With Man For His Wife And Is Arrested

NEW BOSTON

"Say, ho, would you like to meet a couple," whispered a stranger to Officer Callahan Smith, as he stood near the N. & W. passenger station Sunday morning.

"Couple of what?" queried Smith. "Come on, you get me?" retorted the man.

"Alright, I'm on," shot back Smith. Standing a short distance away stood Officers Roy Moore and Osborne in citizens' clothes. They got the wink from Smith. A few minutes later Smith's new acquaintance returned. "They'll be here in a few minutes," he replied.

"Come on let's don't wait for them; let's go get 'em," suggested Smith. The new cronies did.

Officer Smith was taken to a house in the alley at the rear of Tenth street, near Fidelity. There he found his new acquaintance, Conrad Seagraves, had fixed up a "date" for the officers with his wife, Lucy Seagraves, and Ada Nichols Jenkins. The other two officers trailing Smith joined the group and arrested the trio.

In police court Monday morning Seagraves entered a plea of guilty to a charge of being disorderly and was fined \$25 and costs. He paid up and was released. His wife, who hails from Kentucky and has only recently been living with her husband, again was ordered to get out of the city at once as was the Jenkins girl who hails from some point in the vicinity of Turkey Creek.

THEATRICAL

"Japland" Extravaganza

Something new under the sun, new to this generation, if not to the old. That something is "Japland" an operatic minstrel farce-comedy employing the joint efforts of John W. Vogel's big minstrels and a large cast of grand and comic opera principals and twenty pretty chorus girls. It is a minstrel show, girl show, opera and extravaganza combined, for the book calls for a modern minstrel first part, and while this more than acceptable portion of a minstrel performance is one of the features of the story it is not the long drawn-out, boring affair usually found with a company producing straight minstrelsy. There are the usual end men, of course, but they are natural human beings instead of automotons, for their dialogue and actions are under the direction of the stage manager, the same as other members of the cast, their work and patter being a part of the book of "Japland."

The company numbers fifty-two and carries its own double symphony orchestra. Friday and Saturday, August 20 and 21 with Saturday matinee is the play date at the Sun theatre. Seat sale for the three performances opens at the box office Wednesday morning.

Cubs Are Victors

The Outlaws were defeated Sunday afternoon by the New Boston Cubs in an interesting 7 inning game. The Outlaws were without a pitcher and were forced to use Warner in the box and no doubt would have turned in a winner had his team played good ball behind him. The Outlaws having an off day all around. The Outlaws will play either in Ironton or Rarden next Sunday:

JUST IN TIME.

Some Portsmouth People May Wait Till It's Too Late

Don't wait until too late. Be sure to be in time.

Just in time with kidney pills. Means curing the backache, the dizziness, the urinary disorders.

That so often come with kidney troubles. Doan's Kidney Pills are for this very purpose.

Here is Portsmouth testimony of their worth. Mrs. Frank Binkley, 2202 Gallia St., Portsmouth, says: "Sharp pains often went through the small of my back when I was washing and I could hardly stand it. The kidney secretions were unnatural and irregular in passage. Often I had such bad dizzy spells that I would have fallen over, if I hadn't put my hand on a chair to steady myself. One box of Doan's Kidney Pills, procured at Flood & Blake's Pharmacy, gave me relief."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Binkley had. Foster-Milburn Co., Props., Buffalo, N. Y.

First Presbyterian Church To Resume Activities Sunday

With the main auditorium and Sunday school room completely renovated for the new church year, which begin Sunday August 22, the First Presbyterian church will again be in charge of Rev. J. W. Dunning, who will arrive home this week.

At the morning and evening services Sunday the soloist will be Mrs. H. C. Bugh. One of her se-

lections will be dedicated to Rev. David Tappan, who is the church's foreign missionary representative in China, being located at Choe-beek. It is called "Inasmuch" and was written by Kate Grand-girard.

After the usual summer vacation every member is urged to attend the regular services Sunday and take up the new year with renewed vigor.

Huckster Denies "Corner" Attempt

Huckster Frank Baker strenuously denies the charge of Market Master Faverly that he was trying to corner the market on chickens last Saturday. Mr. Baker states that one of his customers, who was unable to be about, asked him to get her a couple of chickens. Not having any himself, he told her he would get them for her in market and let her have them at the price he had to pay. He was in the act of buying the two chickens when he was

stopped. Later, he says, that he saw John Zeune, of the auditor's office, who told him he had a right to buy the chickens, as he was buying for another person. Accompanied by Mr. Zeune, he went back and bought the chickens and sent them to the customer, charging her what he had paid for them.

Baker says he had no idea of buying more than the number of chickens indicated, and that he at no time attempted to corner the market on chickens or on anything else.

More Talk About New Hotel Here

The Chillicothe News-Advertiser says:

"Since F. Bramwell Haynes, proprietor of the Haynes hotel, has started negotiations for a \$100,000 hotel in Portsmouth, River City capitalists have gotten together and now a probable \$150,000 or \$300,000 hotel is announced in Friday's issue of the Portsmouth Times.

"Options on five sites have been secured, an Eastern Ohio capitalist is willing to assume one-third of the cost and a Columbus firm of architects is interesting Portsmouth capitalists in the remainder, according to the Times.

"Mr. Haynes says that his proposition is in fine shape, and that Ritter & Bates, Portsmouth architects, have interested several Portsmouth capitalists. He believes that Portsmouth hotel men are trying to throw cold water on his hotel by this announcement, if a new hotel is needed, they want to be in on it themselves. A \$250,000 or \$300,000 hotel is an extravagant statement, according to Mr. Haynes." The article in the Times in no way referred to the Haynes proposition, but some of the leading capitalists of the city are behind the hotel project here and expect to erect one in the future.

ORCHESTRION COMING

J. F. Potts, proprietor of the Arcana theatre made a trip to Cincinnati Sunday where he placed an order for the immediate delivery of a Wurlitzer orchestrion, which he will install at his popular play house, and which he hopes to have operating not later than next Saturday evening. The machine cost Mr. Potts \$1500.00 and will be the first of its kind in Portsmouth. The orchestrion is just what its name typifies—a whole orchestra in itself. An experienced demonstrator will oversee the installation of the machine which can be operated by electricity or by a musician. The one purchased by Mr. Potts is style themselves. "G," an exact duplicate of the ones in use at the Family, Lubin and Star theatres in Cincinnati. Patrons of the Arcana theatre will be assured of the finest kind of music after next Saturday.

Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, O. Office Phone 60.

Dear Dolly Wise.—Will you please print in your column what will take water spots, also dirt spots out of a silk foulard dress? What is the cause of roses turning brown when they are only half blown, and refusing to open? RUSHTOWN READER.

I would advise you to take your foulard dress to a dry cleaner. It often spots and in trying to remove them you will only make the marks larger.

Some insect is probably around the roots of your roses. Spray them with sulphuric acid or Black Flag.

Dear Dolly Wise.—Will the drinking of milk punch make one fat? It is said to be a great fat producer.

Dear Miss Wise.—A young man has given me his photograph and he now wants one of my pictures. Shall I give it to him? FAITH.

I would not give my photographs promiscuously. It is all right for you to accept his picture as long as he has given it to you, but keep your own for your relatives and close girl friends.

Dear Dolly.—I am engaged to marry a young man, and he has asked me to go to another city with him to meet his parents. Would it be proper for me to go? He has visited at my home and has met my relatives.

Yes, I think you should go with him to visit his relatives, but the invitation should come from his mother, or sister. It is always best to meet all your relatives before marriage, and especially in their home surroundings. In this manner, you may learn very quickly whether you will be contented after marriage.

Dear Dolly.—There is a girl who lives on the hill just above Fullerton. She has brown hair and eyes and is about 5 feet 6 1/2 inches tall. I have seen her several times while passing and I find that she will not flirt. I would love to become acquainted with her. (That is if she has no escort.) Would it be proper for me to enter the store in which she works and introduce myself? "ROLLON."

The young lady is right in not flirting with you, and if you made her acquaintance in that manner, you would soon lose respect for her. Do not introduce yourself, but get some mutual friend to do it.

Dear Dolly Wise.—Can you give me the total seating capacity of the church edifices in the world? MARY.

The last census was taken in

1906 which gave the seating capacity at 58,536,830; this was an increase of 34.4 per cent over the 1890 report. It is therefore presumed that the capacity has increased proportionately in the past nine years.

Miss Dolly Wise.—Will you please tell me in what city and state the Northwestern University is? If you please.

I WANNA KNO. The Northwestern University is in Evanston, Ill., and is co-educational except in the medical department.

Dear Miss Wise.—Will you please tell me where the Portsmouth ball team plays on August 16, 17, 18, 19, 20, 21, 22? What time does the Greyhound arrive in Ashland when it leaves Portsmouth at 2:00? Fare please? Thanking you very much.

THE PORTSMOUTH TEAM will be at home from August 16 to 19 inclusive, when they play the Lexington team. From the 20th to 22d inclusive the team will be in Frankfort. The Greyhound does not leave the local wharf until three p. m., and it arrives in Ashland between 7 and 7:30. The fare is 35 cents.

RESINOL BEGINS TO HEAL SICK SKINS AT ONCE

You don't have to WONDER if Resinol Ointment is doing you good. You KNOW it is, because the first application stops the itching and your tortured skin feels cool and comfortable at last. Why don't YOU try this easy Resinol way to heal eczema or similar skin eruption? Resinol clears away pimples, too, and is a valuable household remedy for cuts, sores, burns, chafing, etc. It has been prescribed by doctors for 20 years and contains nothing to injure the tenderest skin. Sold by all druggists.

HOW TO KEEP BABY'S SKIN WELL

The regular use of Resinol Soap is usually enough to prevent those distressing rashes and chafings to which most babies are subject. This is so, first, because Resinol Soap is absolutely pure and free from harsh alkali, and second, because it contains the Resinol medication, on which so many physicians rely for skin troubles.

TIMES SERVICE PATTERN 1368

1368. A fashionable skirt model.
Ladies' Three Tier Skirt, with four gore foundation.
This attractive model, as here shown was made in sand colored taffeta, and trimmed in quaint and pretty style, with velvet ribbon in a contrasting shade. The skirt could be made without the two upper, or the one upper flounce. It is nice for cloth, for serge, for silk, poplin, voile and all wash fabrics. The flounce portions are cut in 3 sections, and the skirt may be finished in raised or normal waistline. For linen, ratine or crepe this model is very desirable. The pattern is cut in 6 sizes: 22, 24, 26, 28, 30 and 32 inches waist measure. It requires 3 3/4 yards of 44-inch material for a medium size, which measure about 3 yards at foot of lower flounce. The foundation skirt will require 1 1/2 yard of 27-inch lining.
A pattern of this illustration mailed to any address on receipt of 10c in silver or stamps.

Orders for patterns are forwarded to New York to be filled, hence it requires several days for the pattern to reach the purchaser. Patterns can not be ordered by telephone. Do not use postage stamps for larger denomination than two cents.

CAUTION—Order adult patterns by number of pattern, giving bust measure for waist patterns, and waist measure for skirt patterns. For Misses and Children give number of pattern and age only.

IT WAS FIFTY FIFTY IN DOUBLE HEADER SUNDAY

Locals Copped The First One, 3 To 2; Charleston Won 7-1

(BY F. W. SHERIDAN)

HUBERT TEST, high school student and leading pitcher of the Ohio State League, failed in his effort Sunday afternoon at Millbrook park to qualify for the iron men's stakes in the double header with Charleston which was split "fifty-fifty," the locals copping the matinee 3 to 2, but losing the afternoon 7 to 1, before one of the largest gatherings of the season, showing conclusively that while interest in baseball may be on the wane, the fans will still stand for a bargain day, in much the same fashion as the good women of all climes and communities fall for a remnant sale.

Test breezed in on the first leg of his race in apple pie order, and felt so good that he importuned Manager Spencer to allow him a chance to repeat in the second. Now Test is a youth of but nineteen summers. Like the village blacksmith, he has large and sinewy hands. His make-up denotes plenty of strength, and yet his muscles are not so hardened as those of a "smithy" and thred nature collected her toll in the sixth inning when Test was sent to the shower bath pit, where he cooled his fervid brow and gave his muscles a chance to relax. In the opening game the big, willing fellow allowed but five hits and two runs. Both of these runs were earned, for Test simply made the opposition hit 'er out, refusing to grow wild and continually putting plenty of stuff on the old gate. He was opposed by Mr. Henderson, who pitched a good game and who can blame his defeat upon the had plays of Beers & Co. He toiled manfully and bravely and with cleaner support might have emerged a victor.

The second game looked as though it might be a repetition, but Test, who went the first two innings in classy style, seemed to falter a trifle in the third and fourth innings when the visitors coupled with an error, ran over three runs. Test was pulled in the sixth in order to give Larry Jacobus a chance to secure his daily hingle, which he did very artistically and very quickly. Hitting for Test he beat out a slow roller that Hudson fielded as though he was on target foot. After that prompt hitting had blown over Stewart Dills, the Roseville Rosbud, took up the hurling duties and was the recipient of several bad plays, four large and ornate runs resulting. Manager Beers dived in a couple of them with a well placed double to middle. Then Ferguson went to the mound and retired the last six batters in rotation, not a one of them getting half way to first. "Fergy" showed plenty of class and was as lively as a cricket on the field. He was regularly used from now on, for he showed a world of speed and his control was gilt edge.

Coffindaffer, who was born in the woods, and who learned to chuck by throwing hickory nuts at chip munks on poplar trees, twirled the afternoon and got by nicely. He allowed but six hits and was accorded brilliant support at all times. He doubles up like a terrorsford steer with the colic, but has splendid control and did not walk a single man. The Senators played bang-up ball

the first station. Test filed to middle. A double steal was then negotiated. Spencer scoring. Dills filed to short and Dills fanned.

In the lucky seventh the locals won the game. Caton lofted to first, but McHenry walked. Spencer tried a bunt, Beers tossed into center field, and McHenry hot-footed it for home and glory. Rush walked and Test brought a mighty cheer when he biffed safely to left. Dillhoefer chose this time to settle the game and Bush rode home on his single to left. Dills filed to Hudson.

SECOND GAME.

There was nothing to this contest but Charleston, although but one of their seven runs was earned. Test retired the visitors in order in the first three innings, but could not stand the pace. In the fourth Nutter beat out a hunt only to be forced by Beers, who promptly stole. Bush tagged him on right, but dropped the ball. Powell tripled to right, Beers scoring. Corbin's little fly ball of second went for a hit, Powell walking home. Daubert then fanned.

In the next frame Caton missed Curds' little roller. The latter stole second, Trounman singled to left. A double steal was successfully staged. Curds scoring. Hudson fanned, Coffindaffer filed to Dills and Nutter acroploned to left.

Test got by the first after walking the first man. In the seventh Dills took up the box work, and with clean support would have gotten by nicely. Curds fouled to third and Trounman doubled to left. Trounman was caught at third on Dills' assist on Hudson's roller, but "Pickles" dropped the ball. Coffindaffer rolled to Dills and was snuffed out, which should have ended the inning. Nutter walked and two runs

counted on Beers' double to middle. Powell walked and two more came over on Corbin's single to left. Daubert rolled to the box. Good night.

The last two innings Ferguson put the visitors down in order, they not being able to gauge his terrific speed or fathom his mystifying curves. The locals' only run came in the sixth inning. Spencer led off with a hit only to be forced by Bush. Jacobus singled to first, Bush taking third and scoring on Dillhoefer's long fly to Corbin. Dills filed to Daubert.

Notes Of The Game

The Lexington Colts, under the astute leadership of Manager Guyn, will be the attraction at Millbrook park Monday, Tuesday, Wednesday and Thursday. The Colts have been kicking up quite an amount of dust of late, and hope to make plenty of hay here. The locals, incidentally expect to increase their percentage at the behest of the Colts and the games will be hard fought. Come out at three p. m. and help root.

The games were not of real high calibre yesterday, although the fans had plenty of chances to root in the first game because the score was always close. Had the visitors eleven Hendersons, the two teams might have battled indefinitely. Test had the best of the visitors after the first inning when he allowed two of the hits. After this the big fellow settled down and while another run was scored he had the visitors coming his way at all times. Test longed to be able to go through the second contest, and begged Manager Spencer for a chance. He was accommodated, but found the going a little too rough.

Not once in twenty times will a pitcher win two games in one afternoon. The percentage is all against him, for he is bound to tire in the last game. Were he to keep right on without an intermission of ten minutes he might be by. But the rest, it seems, does him more harm than good. It's bringing forth that old theorem in geometry that "action is equal to reaction to the contrary direction." After winning the first game a pitcher is bound to relax, or in other words let down. In a long game he is kept at high speed and keeps himself going mainly because of excitement. But in trying to pitch a double header there is that something that is missing. In trying to qualify for the iron-men's stakes, Test fell down like 99 per cent of the pitchers of the country.

Johnson, who caught two great games for the locals, was given a round of great applause in the second game when he caught Daubert's foul fly near the locals bench.

Joe Bush played niftily around the keystone sack. In the two games he accepted fifteen chances, some of them being quite difficult. Bush is without a doubt the classiest second baseman that ever played in the Ohio State League. He may not be the slinger that Conwell was last year, but he is not so good a hitter, but when he comes to fielding Bush is all wool and a card wile.

Ferguson, who pitched the last two innings of the second game, had the visitors getting out of the way. He had wonderful speed and splendid control, while his curve ball heckled like a poker. Ferguson has had a good long rest, but he showed so much yesterday that Manager Spencer may decide to use him regularly.

BENTON GOES TO GIANTS

Because New York had a prior claim to the services of Rube Benton, the certain hunter of the Reds will have to join the Giants and not Pittsburgh as previously reported. If Benton goes to the Giants he should win a few games for McGraw as he would have to give that club his best services or decorate the bench.

WISEACRES HAVE DOPE?

Eastern fans have it all doped out that the Phillies, Brooklyn and the Braves will fight it out for the National League pennant. They insist that the Giants and Pirates have not sufficient strength left to come through with a gruelling finish. But fans, you know the Eastern bases are some times wrong. Yes indeed.

Singing In Atlantic City

Clara de Bruin, who is spending the summer in Atlantic City, has just recovered from a two weeks' illness with the grip. He is filling an engagement as a vocalist on Young's Million Dollar Pier and expects to remain at the seaside resort until September.

LEGAL NOTICE

Elmina Young, whose last known place of residence is Morristown, New Jersey, will take notice that on the second day of August, A. D. 1915, Lee Young filed his petition in the Court of Common Pleas, Scioto County, Ohio, being Cause Number 14113, praying a divorce from said Elmina Young, on the ground of her willful absence from him for more than three years last past, and that said cause will be for hearing on and after the fourth day of September, A. There Is Only One Alexander

After one has lapped the brand of pitching Alexander has been putting forth for the Phillies this season and past seasons so far as that concerned he is in a mood to readily agree with the critics, who unequivocally declare Alexander, he of the smoke ball and the quick break curves, the greatest pitcher of them all. Alexander pitches differently, systematically and winningly.

Possessing terrific speed, almost uncanny control and shoots that actually fool his catchers at times, Alexander is in a class by himself as a box artist. And the beauty about his work is that he goes right on pitching gilt edge ball every time out and his demeanor and manner are not affected by the fulsome praise the fans and critics heap upon his broad shoulders. He is certainly Manager Moran's ace in the hole and if Alexander can come through with a string of victories during the last lap of the National it will be pretty hard to overtake the Phillies, who have just kicked the props from under the faltering Braves.

"Bullet" Joe Bush Of Athletics Is Here Looking For Material

Bent on securing a promising young infielder and two pitchers for the Philadelphia Athletics no less personage than "Bullet" Joe Bush of world's series fame slipped quietly into Portsmouth Sunday evening and will watch Portsmouth and Lexington play two games. After his stay here Scout Bush will visit other Ohio State League towns, having been directed by Connie Mack to see every player in the league in action before returning to Philadelphia. It is thought that Bush's mission here is to see Howdy Caton of the Portsmouth team and Catcher Blackwell of the Lexington Colts in action. He has also been making inquiries about Plicker Monroe of the Frankfort team, who is said to be about ready for big league pinking.

Fans will recall the wonderful pitching Bush put up in a world's series which the Athletics won from the New York Giants several years ago. Then a raw and rather inexperienced hurler Bush was sent in against the Giants and he made baseball history when he turned back the McGraw men in a convincing manner. Bush won his spurs on this memorable day and has since been recognized as one of the pitching stars of the American League. He became famous for his speed and it is said that his fast one equals that of Walter Johnson.

Unable to take his turn in the box because he strained a ligament in his left leg Bush has turned scout for Connie Mack and will put in most of the month of September shaking the "bushes" for phenoms.

Teams Split Double Header

Frankfort, Aug. 16.—Calbert's home run with one on in the first inning of the first game defeated Frankfort, but in the second the locals fell to De Lotelle and Calbert and pounded in 15 runs with 19 hits in first six innings. The score:

First Game.
Ironton.....200000000-2 4 0
Frankfort.....000000001-1 6 3
Batters: De Lotelle, Calbert, Taylor and McDaniels; Bacon and Mueller, Capipe-Jacobs.

Second Game.

Batters: De Lotelle, Calbert, Taylor and McDaniels; Bacon and Mueller, Capipe-Jacobs.

UP TO THE PITCHERS DECLARES BOSS BIDDY

The Charleston Senators left Sunday evening for home, where they will play four games with the Frankfort team. Manager Beers stated Sunday that he firmly believes the Senators will conquer the second half pennant and that his fighting club would stage a seven game championship series with the Spencer men. "If our pitching holds up we will mop the budding" said the leader of the Senators yesterday.

CONWELL IS TRIPLE-LESS

Our old friend Irish Conwell has gone three bagerless so far this season. And to think how many three cushion socks he would rap out in Millbrook. The latest batting averages of Texas league players show that Conwell has lined out 47 doubles and 3 home runs, but not a single triple is credited to him.

Rickey Strong For The Rah Rah Lads

Branch Rickey, boss of the St. Louis Browns, has started to rebuild his team and all his new material is being secured from the colleges.

"College players as a rule are brainier and more gentlemanly than the sand lot players," asserts Rickey. "And there's just as much natural ability among the collegians as there is among the youths who come from the small town teams."

Conceal Mack built a wonderful machine with raw material scooped from various colleges, and I hope to do likewise.

Furthermore, a college player can be secured for almost nothing in comparison with what one must pay for a highly touted minor league player."

Billy Southworth Real "Jinx" Buster

Billy Southworth has figured in a new role and as usual has acquitted himself creditably. Fans pipe this one from the New York Telegram:

Perhaps one of the principal reasons why the Indians have been playing better than of late is that they have acquired a "jinx buster" in the person of Billy Southworth, an outfielder and emergency batter. Southworth has made the tracks of his particular cult main familiar here by "jinx" busters at his "fencers' ends, and he seldom fails to employ them when he believes they will do the most good. Just before Jackson made his only single in Wednesday's battle the utility player rushed from the bench and spat vigorously upon

Jackson's bat. When the latter hit safely Southworth did a war dance of joy. However, in the ninth inning pinch hit the youth was so busy coaching that he forgot to expectorate upon the war club of the great "Jinx," and the records prove that the much desired hit was not forthcoming. The "Jinx buster" has many other queer methods for banishing ill fortune, but he must be seen in action to be fully appreciated.

TEMPORARY BRIDGE DAMAGED; STILL STANDS

Danger Over And Structure Will Be Repaired Shortly

Four piling on the temporary bridge over the Scioto river were snapped in two at midnight Saturday, causing four bents on the structure to sag. The damage to the bridge happened near the West Side end.

Contractor Henry Ruel stated Monday morning that he would make a desperate effort to have the bridge ready for vehicle traffic by Tuesday morning. Pedestrians are allowed to walk over the bridge.

It will be a difficult job to repair the bridge in its present condition, owing to the fact that drift is piled against the broken piling from the bottom of the river up. All of this drift will have to be removed before work of installing new piling can be commenced.

Mr. Ruel put a force of men to work Sunday cutting piling in the timber tracts on Turkey Creek and had them shipped to the bridge site Monday morning.

"If my men can hold out I will work all day and all night to get the bridge in condition for vehicle traffic by Tuesday morning," stated Mr. Ruel. Monday morning. They have gotten very little sleep since Thursday night and are almost exhausted. But we will do our best to repair the damage at once."

The Scioto river is falling while the Ohio river is rising slightly. Mr. Ruel is anxious to get the bridge into shape for vehicle traffic so that people wishing to use West Side roads to get to the Lucasville fair can do so.

Board Of Control Wants Flood Wall Built Immediately

In a communication to George L. Gulkar, chairman of the street committee of city council, the mayor, as president of the board of control, states that the board recommends that a contract for the installation of the flood wall as far as Offshore street be entered into at the earliest possible time and that later, when this section is completed, that the question of building the cross section at Offshore street or extending it to a point farther east be decided upon by council. The recommen-

dation of the board of control further states that the amount of money that may be withheld from the present issue of bonds through the omission of the cost of erecting the cross section will be sufficient to restore the break in the flood wall at Second and Scioto streets, more familiarly known as the "point." The board urges haste in repairing the break at the point.

Wheelerburg Trip Enjoyed By The Knights Of Pythias

(By H. M. S.)
It's a long, long way to Wheelerburg, Ohio. On a "black-cat" night, through mist and rain. O'er the mud-holes and jolts—oh, oh!

But it takes something more than dark nights, rain, mist, mud-holes and jolts (and oh, those jolts—ouch!) to dampen the ardor and enthusiasm of the splendid order of Knights of Pythias and fully a score of Portsmouth Knights joined Sciotoville lodge, K. of P., No. 424, and both journeyed on to Wheelerburg to visit the splendid Knights of Wheelerburg, No. 406.

The Sciotoville lodge had provided farm wagons for the trip, and these equipped with battle-ship decks and seats running all around afforded ample accommodation and the trip was made without mishap, although Ralph Johnston couldn't find a soft place on the boards and rode sitting standing while Geo. Swabby, who has a bad case of "Charley-horse" on his right off hind leg, nursed the leg tenderly and said mean hateful things about the jolts, the road, the commissioners and even of his brother Knights when they touched that leg. And W. F. Blankemeyer, he cut the boys cold and made the trip by palace car over N. & W. The insufferable swell!

Arriving at Wheelerburg, the loveliest little town in the Ohio valley, the splendid welcome given the visitors dispelled all thoughts of dark nights and discomforts of the trip. After a get acquainted and good hand shaking session the lodge re-convened. Chancellor Commander John Call gracefully turning over the lodge to Chancellor Commander George Pressler of Magnolia No. 390, who presided through the oratorical display.

Past Chancellor Commander Edward Brehmer of Magnolia was the first to face the spot-light. Ed is some orator, with a reputation in many Pythian Castle halls for the beauty of his talks on Friendship and Fraternity. His subject last night was the great meeting of Pythians of this district in this city the last week in September when there will be such a gathering of Pythians as has never been seen in this city to meet Grand Chancellor of Ohio Domain, Hon. William Schuchardt, of Cincinnati, Grand Vice Chancellor Geo. L. Behrens, of Columbus, and Grand Prelate E. A. Coil of Marietta. He made a splendid talk, and was followed by Knight Ralph Johnston, also of Magnolia, also some orator, who ably seconded all the good things of Brother Brehmer's talk, and said some good things himself. The Massie lodge boys then got busy, and fine talks were made by W. D. Hoaz, George L. Gulkar, A. D. Stewart and others. Among others of Portsmouth and Sciotoville who orated in great form were George Swabby, Emmitt Kidd, George Tener, George Pressler, John Duvendack, W. E. Ketter headed the orators of Wheelerburg and they made some rattling good talks. Everybody is in favor of the great meeting and the get-together oratory.

After the oratory had subsided the Wheelerburg boys served delicious refreshments of cream and cake, and just dead oodles and oodles of it—first time we ever had all we wanted at one time. A fine social time followed. Members of Wheelerburg lodge present were:

John Call, Asher Lambert, Otto W. Schaffer, Asher Schneider, Walter Haffner, John Haffner, John Aeh, Frank Dold, Jerome Workman, Ed McCarty, James Winkler, H. W. Miller, Charles Schneider, David Bussler, W. E. Ketter and C. T. Brown.

Those from Sciotoville: Gilbert Munn, Ed Ketter, Frank Court-right, Joe Jenkins, Carl Brandt, Ed Rowley and John Duvendack.

From Portsmouth: George Pressler, Ralph Johnston, Edward Brehmer, George Tener, George Swabby, Albert Patton, Harry Kiehorn, W. D. Hoze, Samuel Schloss, George L. Gulkar, Arthur Flowers, Harry Willis, A. D. Stewart, Harry M. Sickles, Ralph

Left, Wiley Miller, Emmitt Kidd, W. F. Blankemeyer and Charles Angle.

Notes
An inspiration to all who attended is that splendid Knight, Mr. James Winkler, who came on crutches on a dark rainy evening to attend the meeting. That's the spirit!

One of the big surprises of the evening was the awful "duke" of Knight Ralph Left, star orator of Massie lodge, who "skipped" at the "spot light" and wouldn't orate. Gee-whillikens!

Lots of the fellows who are

"big noise" down here were away off form. W. F. Blankemeyer, Arthur Flowers and Albert Patton were about as "loud" as a wooden Indian. The latter, however, had three helpings of cream and cake—and this away from home, where the folks don't know him. It's awful!

Maybe the "glad hand" will not be hung out for that Wheelerburg bunch. Well, we guess yes!

Coming back George Swabby confided to the Times man that all the Wheelerburg bunch were Dutch. Hey! Well, they're mighty good sort of Dutch.

Boy In Swimming Is Shot By Irate House Boat Owner

Infuriated because several boys were swimming in the Ohio river within sight of persons on his houseboat, Charles Hill, of Sciotoville, is charged with having fired a shot gun at Herman Kinker, 12, son of Mr. and Mrs. William A. Kinker, Sciotoville, Sunday afternoon, two of the small shot hitting the lad and slightly injuring him.

Young Kinker, with several companions, stripped and went into the water on the Ohio side of the river a short distance below

the N. & W. station at Sciotoville. Swimming at this point is not violating any law stated Squire James Basham, Sunday. The place has been a recognized swimming hole for fifty years and Squire Basham says he went in swimming there when a young lad.

Hill, it is claimed, secured his shot gun and without warning fired at the boys. Two of the small "bird" shot hit Kinker, one shot raising a blister on one of his fingers and the other shot caus-

ing a slight laceration on his left side. The mother of the lad later swore to an affidavit before Squire Basham charging Hill with shooting with intent to kill, wound or maim and for living on a houseboat without a license. He was arrested by Constable Clinton Daniels and Sunday evening was taken before Squire Basham. On account of lack of witnesses, the trial was postponed until Monday evening. Sheriff Pete Smith was notified and Hill was taken to the county jail Sunday evening.

Marzluff Estate Purchased For New Sanitarium Site

The joint tuberculosis sanitarium to be built by the counties of Highland, Ross, Fayette, Pike, Jackson and Scioto will be located on Carlisle hill, west of this city, says the Chillicothe News-Advertiser.

After many meetings and the most careful consideration of sites offered in this and adjoining counties, the site committee, in executive session, voted unanimously for the purchase of the Rufus Marzluff estate.

Forty acres of the estate, which entire consists of 92 acres, were purchased at a price of \$8,000.

Only one other site was under consideration. That was the estate of William Mettler on the Narrows road east of the city at the foot of Mt. Logan.

The hospital will be backed by a total tax duplicate of over \$225,000,000, which will mean that an almost inconsiderable levy will be sufficient to erect one of the finest institutions of its kind in the state. Some of the counties will provide funds out of their dog tax funds.

The site selected is located at the northeast corner of the Marzluff estate. The committee was influenced in its selection by a number of conditions which could not be equalled anywhere else in the six counties. Located almost in the center of the district, Chillicothe is easily reached by railroad, and the site is conveniently close to the city.

The commissioners who attended the executive session were Messrs. Falter, Slager and Vause of Ross county, Brown, Weaver and Perrill of Fayette; Gibson and Armitron of Pike; Spencer and Eighert of Scioto; Jones, Reninger and Paught of Jackson, and Matthews and Kesler of Highland county.

A MEDICINE CHEST FOR 25c.
In this chest you have an excellent remedy for Toothache, Bruises, Sprains, Stiff Neck, Backache, Neuralgia, Rheumatism and for most emergencies. One 25c bottle of Sloan's Liniment does it all—this because these ailments are symptoms, not diseases, and are caused by congestion and inflammation. If you doubt, ask those who use Sloan's Liniment, or better still buy a 25c bottle and prove it. All Druggists.

The Boy Scouts

Standing. Won Lost Tot.
Kendall Ave. 1 0 1,000
Athletics 0 1 500

Before a crowd of over 500 spectators the Kendall Avenue Athletic series for the championship of the Boy Scout League opened on Saturday at York park. This was the first of a series of three games which will be played to decide pennant honors in this fast little league. The Kendall Avenue copped the first after a hard struggle, but they won a good, fair, square game and deserved the victory as they put up a gilt edge game both in the field and at the bat. The big share of the honors should fall on one Forest Bertram, star pitcher of the Kendall Avenue, who was invincible at every stage of the battle Saturday. Hundreds of opposing fans could not get his "goat" and he came out of the fray with colors flying. The Athletics hopped into this first game greatly crippled, but these boys take no stock in nibles, and fought like Tonton soldiers with the patched-up team they did have, and made a creditable showing all things considered. The next game is scheduled for August 28, the teams being unable to play at York park on the coming Saturday owing to the Junior Order of American encampment. Below will be found a full account of Saturday's game.

Kendall Ave. Draws First Blood
The Kendall Avenue boys won

the game in a decisive manner, due to the air-tight pitching of Bertram and aided by the large total of seven errors spilled by the Athletics. Bertram was never in better form, fanning 11 batters, and of the 7 hits secured by the Athletics but two came in one inning, the seventh, giving the Athletics their only score. Monk deserved better luck as with good support Kendall Avenue would have been minus several of their scores. "Piggy" Blinke played the best game of his career. He had a perfect batting average, with four out of four, his third

LADIES! SECRET TO DARKEN GRAY HAIR

Bring back color, gloss and thickness with Grandma's recipe of Sage and Sulphur.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and lustrous; restores color, thickens, stops itching, itching and falling hair. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Compound." This avoiding a lot of mess.

While wispy, gray, faded hair is not stuffy, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with the hair, and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and lustrous and you appear years younger.

ADMINISTRATOR'S SALE OF REAL ESTATE

In pursuance of the order of the Probate Court of Scioto County, Ohio, I will offer for sale, at public auction, on Tuesday, the 21st day of August, 1915, at the house of one Charles Turner, at the door of the Court House of Scioto County in the City of Portsmouth, Ohio, the following described real estate situated in the County of Scioto, and State of Ohio, and in Washington Township, and bounded and described as follows:

Being a part of Lot No. 10 of the lands returned by the appraiser of the estate of J. H. Henson, deceased, and filed in the office of the Probate Court, May 24, 1915, situate on the waters of Dry Run, and being 100 acres of Survey No. 12570, beginning at a point in the South-West line of Amy Huntington's land, thence extending North from said point to a point in the Township line, thence West 30 rods along the Township line, thence South to a point on the south side of Dry Run, thence east along the line of the said 100 acre tract to the place of beginning. The above description is estimated to contain 100 acres. A legal highway is forever reserved through said tract along Dry Run, and is 30 feet wide. Being the same premises as were conveyed to said Charles Turner, by deed dated and recorded in Vol. 64 page 303 of the Record of Deeds of said Scioto County, and the same which said James Edwards died seized of.

Said property is appraised at \$200.00. Terms of Sale—One third in hand, one third in one year, and one third in two years from day of sale, with interest deferred payments to be secured by mortgage on the premises sold; or all cash at election of purchaser. Said premises are about seven miles from the City of Portsmouth on the Dry Run Road and about two miles from Junction of that road with Camp Turner. On premises is a bearing peach orchard of about 100 trees.

BIG LUCASVILLE FAIR WILL OPEN TOMORROW

EXHIBITS WILL BE RECEIVED AND PLACED; THE FIRST DAY IS FREE

The Fair grounds at Lucasville will be opened Tuesday morning for the reception and placing of exhibits, and for such other work of preparation as is necessary to get the grounds in good condition for Wednesday, the first real day of the fair. Wednesday, Thursday and Friday will be three big days, and the directors are looking for large attendance each day.

Inquiries from the farmers all over the county during the past week insure splendid exhibits of stock, growing crops and fruits, and they will be viewed with profit by the fair visitors. Large entries are also assured in the domestic art and household departments.

No admission will be charged Tuesday, although the fair will be in operation. All exhibits and at-Monday.

tractions will be in place Wednesday and a good speed program is also provided for, including the 2:40 trot and the 2:30 pace, purses \$150 each.

Thursday will undoubtedly be the banner day, as two excursions will be run over the N. & W. from Portsmouth, one leaving at 10:30 a. m. and the other at 1 p. m. The return special will leave Lucasville at 5:30 p. m. All regular trains will stop at the Fair Grounds' entrance. A large delegation of local business men will go up Thursday to enjoy the fair and incidentally to boost the Korn Carnival.

Harold Wendelken, of the state highway department, got after Contractor Burns, Sunday, and he assured motorists that the temporary road will be in good shape after Tuesday, although the fair will be in operation. All exhibits and at-Monday.

ROAD TO THE FAIR WILL BE KEPT OPEN

Contractor A. W. Burns notified Resident Engineer Harold Wendelken Monday afternoon that he would keep a drag constantly at work on the temporary road on the Scioto Trail to keep it in good shape, especially during the Scioto county fair. Mr. Wendelken issued a warning to automobilists not to attempt to pass over the road immediately after a heavy rain as the soil is too soft to permit giving contractors a chance to give it a solid bedding while it is soaked.

SUES FOR DAMAGES

John F. Peed, through his attorneys, Blair and Kimble, filed suit in Squire Byron's court Monday against Arthur Simpson of near Lucasville for \$150 damages for alleged breach of contract. He claims that Simpson contracted with him to build a barn on his premises to cost \$150 and that he afterward gave the contract to some one else.

Confer On Paving

Mayor Frick, Service Director Gergens, City Engineer Wilhelm and Chairman Gulker of the street committee of council called upon the county commissioners Monday afternoon to discuss the matter of paving Second street from the east end of the new Scioto river bridge to the present paving. The work is sure to be done, but some question has arisen whether the city or county or both should do the work.

Brokerage Firm

Messrs. G. C. McClure and Mark Crawford have formed a partnership to engage in a general stock and brokerage business. They will handle stocks, bonds, mortgages and other securities and will operate their business as licensed dealers under the blue sky law of Ohio. They have already made application for their license from the Superintendent of Banking and will be ready for business by the first of September. Their office will be located at room No. 25, First National Bank building.

They will make any one feel fine, happy and vigorous in a few days. Mail orders filled, charges prepaid, by The Wendell Pharmaceutical Company, Inc., Syracuse, N. Y.

Miss Lucy Lynn In Charge Of Hospital

Miss Lucy Lynn is temporarily in charge of Hempstead hospital, pending the arrival of the new superintendent, Miss Hilda Strong, of Cincinnati, who is expected to take charge September 15th. Miss

Helen Lowe, former superintendent, relinquished her place Saturday evening, and left Sunday for Columbus. Later, she will take a position as nurse in the new Cincinnati hospital.

FIRST BAPTIST CHURCH

The C. T. N. Mission Circle will give a public reception at the church this evening at 7:30 o'clock in honor of Miss Albertine Bishoff, a returned missionary from Porto Rico. Miss Bishoff will deliver the principle address of the evening. Refreshments will be served at the close. The members of the church are especially invited to attend, while the public in general will receive a most cordial welcome.

Don't forget the prayer meeting Wednesday evening. At the close of this meeting Rev. McAfee will instruct the Union Bible class in next Sunday's lesson.

Remember choir practice, Friday evening. Every member of the choir earnestly requested to be present.

SETTLED AT MAYOR'S OFFICE

Getting into an altercation at the corner of Fifth and Market streets, Saturday night, parties giving the names of Helen Tinker,

Edna Minego and Jesse Black repaired to the mayor's office to settle their difficulty. They reached an amicable agreement and left.

Near Accident At The Ashland Ferry

Ironton, O., Aug. 16.—Another serious automobile accident on the Coal Grove and Ashland ferryboat was narrowly averted Saturday morning.

R. M. Bagby of Grayson, Ky., a brother-in-law of B. F. Searey of this city, in company with his wife and daughter and a Mrs. Schuler, were crossing on the ferry from Coal Grove to Ashland. When the boat neared the Ashland float Mr.

Bagby cranked his machine which was evidently in gear and it started over the side of the boat. Some of the under-gearing of the car caught on the edge of the boat and it did not go into the river.

The accident has resulted in the making of a rule by the management of the boat, absolutely prohibiting any auto owner cranking his machine or starting his engine until the boat has docked.

PEW RENTING DAY

"Pew Renting Day" was observed in the St. Mary's church Sunday and practically all the pews were re-rented, there being few minor changes, according to Father Goebel.

PICTURE OF SENATOR

The current issue of the Secretary's Bulletin, a breezy publication devoted to Ohio Building and Loan Associations contains a fine picture of Senator W. D. Tremper, of this city, and it is accompanied by a complimentary writeup. Senator Tremper is secretary of the Royal Savings and Loan Company of this city and he was the only man in the Senate, who is actively engaged in building association work.

Dog Fight In Park

Patrolman Roy Moore was called to York park Monday to investigate a report of a dog fight and subsequent cutting of a dog's throat by one of the sympathizers. It is claimed that one of the onlookers picked up one of the animals and cut its throat with a knife and a veterinarian was required to sew up the wound. No arrests.

Prosecutor Holds Can Not Enjoin Laying Of Tracks

West Side farmers brought the report to Portsmouth Monday that several farmers in the extreme western end of the county were going to file application for an injunction restraining the county commissioners from permitting the Portsmouth Street Railway and Light company from laying interurban tracks on the new Scioto river bridge. They

claim that the bridge is too narrow to admit of car trackage. Prosecuting Attorney Micklethwait stated Monday afternoon that an injunction would avail nothing, as the law gives the county commissioners full right of control over all roads and bridges. The engineer for the county, A. T. B. Somerville, claims that the bridge is wide enough for the tracks.

Dismissed. An affidavit charging George Ranier with annoying Una Frances by entering his premises after he had been ordered to stay away has been dismissed in police court because of the failure of Frances to appear.

Make Arrangements To Go To Reunion

A number of Sons of Veterans and members of the Sons of Veterans Auxiliary met Sunday afternoon at the home of Harry Sikes 841 Seventh street when final arrangements were made for attending the G. A. R. annual reunion at Stockdale Tuesday. The two local orders expect to have large representations present as local members have attended the reunion for thirty years. The majority of the women will go to the picnic Tuesday morning while the men will go about noon. Filmore Musser, Adam Pfau, Dr. O. D. Donaldson and Judge T. C. Beat-

ty's automobiles and several others will be used to carry the local members to the picnic grove.

WANT TOWPATH WORK FINISHED

The county commissioners were in conference with George White, the contractor in charge of a portion of the improvement of the towpath road, Monday, relative to the progress of the work. Mr. White, according to one of the members, blamed his delay on the non-arrival of material, but the board refused to attach much

weight to his explanation. He was advised that the board would expect an early completion of the work, according to the terms of the contract.

Mr. White denied having stated that he would not finish the work until the new board of commissioners were in office, a statement that had been attributed to him.

MIRED IN MUD

Oscar Runck went to Ironton Sunday with a party of friends in his automobile. Returning he was safely conveyed through the temporary road at New Boston by the gentleman who makes a steady living by being on the job with his team to render first aid to mired automobilists at One Dollar per mile. Runck was told that his was the eighth machine that had been hauled out of the hole, and the First Aider was hoping to bag half-a-dozen more before midnight.

Fine Fruit Grown On Dr. Keyes Farm

That "some" fruit is being produced on Dr. W. J. Keyes' "Wildwood Fruit Farm," 2 1/2 miles from Sciotoville, was conclusively proven Monday morning when the doctor brought to the Times office two baskets of peaches, one of plums and one of apples. Every specimen was perfect and the flavor was simply delicious.

The fruit brought to the office by Dr. Keyes was not "specially selected for the occasion." It was picked from old trees. The quality and the perfectness of the fruit is due in a large measure to the fact the trees were sprayed and cultivated. Dr. Keyes will in the next year or so have one of the best producing orchards in the state. His several thousand trees are still young, but they are thrifty and healthy and are bound to be producers.

BIRTHS

A fine little son arrived Saturday evening to brighten the home of Mr. and Mrs. John Wallace, of the Gallica pike. Mr. Wallace is a steelworker.

Joseph Evans, rodman on the city engineering corp., is the proud father of a baby girl who arrived Saturday evening at his home on Front street.

A daughter was born Sunday morning to Mr. and Mrs. Warren Maynard of East Portsmouth. Mr. Maynard is employed by the N. & W.

David P. Scott, clerk at Frank Baker's shoe store was all smiles Monday. He was telling every customer the good news. A baby boy arrived at the home of Mr. and Mrs. Scott, 720 Tenth street, Sunday morning.

HOW WOMEN AVOID OPERATIONS

By Taking Lydia E. Pinkham's Vegetable Compound.

Cleveland, Ohio—"My left side pained me so for several years that I expected to have to undergo an operation, but the first bottle I took of Lydia E. Pinkham's Vegetable Compound relieved me of the pains in my side and I continued its use until I became regular and free from pains. I had asked several doctors if there was anything I could take to help me and they said there was nothing that they knew of. I am thankful for such a good medicine and will always give it the highest praise."

—Mrs. C. H. GRIFFITH, 1668 Constant St., Cleveland, Ohio.

—"I suffered from female trouble and the pains were so bad at times that I could not sit down. The doctor advised a severe operation but my husband got me Lydia E. Pinkham's Vegetable Compound and I experienced great relief in a short time. Now I feel like a new person and can do a hard day's work and not mind it. What joy and happiness it is to be well once more. I am always ready and willing to speak a good word for the Compound."—Mrs. ADA WILT, 303 Walnut St., Hanover, Pa.

PAN-AMERICAN APPEAL GOES TO ALL FACTION LEADERS IN WAR TORN MEXICO

DOCUMENT IS FRIENDLY AND FIRM

Washington, Aug. 16.—The Pan-American appeal to Mexico, now being delivered to the chiefs of factions and governors of states was made public here Saturday night by the state department.

Without even an intimation of armed intervention, it calls upon the leaders to meet somewhere in Mexico, on neutralized grounds, in a conference "to adopt the first steps necessary to the constitutional reconstruction of the country" and to issue a call for immediate elections. The services of the United States or any of the other Pan-American conferees are offered as intermediaries to arrange the meeting.

The appeal, although addressed to the political and military leaders, takes on the form of an announcement to the Mexican people themselves. As made public by the state department the document is prefaced by this announcement:

"The Mexican people are informed that the following communication has been sent to many prominent persons in Mexico who possess authority or military power within the republic."

Then follows the appeal, dated at Washington, August 1: "The undersigned, the secretary of state of the United States, the ambassadors extraordinary and plenipotentiary of Brazil, Chile and Argentina, and the envoys extraordinary and ministers plenipotentiary of Bolivia, Uruguay and Guatemala, accredited to the government of the United States of America acting severally and independently, unanimously send to you the following communication:

"Inspired by the most sincere spirit of American fraternity, and convinced that they rightly interpret the earnest wish of the entire continent, have met informally at the suggestion of the secretary of state of the United States to consider the Mexican situation and to ascertain whether their friendly and disinterested help could be successfully employed to re-establish peace and constitutional order in our sister republic."

"In the heat of the frightful struggle which for so long has stepped in blood the Mexican soil, doubtless all may well have lost sight of the most vital conditions of the national existence not only upon the life and liberty of the inhabitants, but on the prestige and security of the country. We cannot doubt, however, no one can doubt—that in the presence of a sympathetic appeal from their brothers of America, recalling to them these disastrous effects, asking them to save their mother land from an abyss—no one can doubt, we re-

peat—that the patriotism of the men who lead or aid in any way the bloody strife will not remain unmoved; no one can doubt much, and everyone of them measuring in his conscience his share in the responsibilities of past misfortune and looking forward to his share in the glory of the pacification and reconstruction of the country will respond, nobly, and resolutely, to this friendly appeal and give their best efforts to opening the way to some saving action.

"We, the undersigned, believe that if the men directing the armed movements in Mexico—whether political or military chiefs—should agree to meet, either in person or by delegates, far from the sound of cannon—and with no other inspiration save the thought of their afflicted land, there to exchange ideas and to determine the fate of the country—from such action would undoubtedly result the strong and unyielding agreement requisite to the creation of a provisional government which should adopt the first steps necessary to the constitutional reconstruction of the country—and to issue the first and most essential of them all the immediate call to general action.

"An adequate place within the Mexican frontiers, which for the purpose might be neutralized, should serve as the seat of the conference; in order to bring about a conference of this nature the undersigned or any of them, will willingly upon invitation, act as intermediaries to arrange the time, place and other details of such conference, if this action can in any way aid the Mexican people.

"The undersigned expect a reply to this communication within a reasonable time; and consider that such a time would be ten days after the communication is delivered, subject to prorogation for cause.

NAMED BY GERMANS
WARSAW'S GOVERNOR

General Baron Reinhard G. von Scheffer-Boysdal.

General Baron Reinhard G. von Scheffer-Boysdal is reported to have been named governor of Warsaw by the German government. Gen. Scheffer-Boysdal was previously in command of the 11th army corps.

WILL BURY MARINE IN NATIONAL CEMETERY

New York, Aug. 16.—The body of William Gompers, the young sailor who was killed in Haiti on July 30 will be placed in a grave in the National burying-ground at the Cypress Hills cemetery this afternoon. A large United States flag will be wrapped around the coffin.

At the funeral services held yesterday at the naval hospital in the Brooklyn navy yard, Samuel Gompers, president of the American Federation of Labor, the young man's uncle, read the letter written by President Wilson to the sailor's mother, expressing appreciation of his services to his country.

CHAMPION PACERS WILL DECIDE TITLE TODAY

Cleveland, Aug. 16.—Which of two stallions is the champion racing pacer will be decided this afternoon when Directum I, and William will meet at North Randall in their fifth match race. Each has won two of the four matches previously raced. Another interesting event on the card is between Lee Axworthy and Peter Volo which will be the first match race in history between two trotting stallions with marks of 2:05 or better.

WINS CHAMPIONSHIP

San Francisco, Aug. 16.—Walter D. Mansfield, of San Francisco, is the winner of the championship of the National Fly and Bait Casting Association. It was announced today. In the national tournament which was concluded here yesterday he won the final event, heavy fly-casting, breaking with a cast of 134 feet, the association's record of 117 feet.

WILL HEAR TAFT

St. Louis, Aug. 16.—The Business Men's League of the city and those who were invited to its luncheon in honor of William H. Taft, former president of the United States, today look forward with interest to the address of Mr. Taft as it is expected he will discuss the Mexican situation. Mr. Taft is the guest here of Mr. Charles Nagel, former secretary of commerce and labor.

GET WAGE INCREASE

Franklin, Pa., Aug. 16.—An increase in the wages of all employees of the Atlantic Refining company, once a subsidiary of the Standard Oil company was announced today. Employees at Franklin, Pittsburgh, and Philadelphia plants are affected, the base being an advance of 1 1/2 an hour for laborers.

U. S. MARINES ARE DROWNED

Washington, Aug. 16.—Two American marines were washed overboard from the battleship New Hampshire and drowned yesterday while the ship was sailing through the Gulf hurricane, somewhere south of the Florida coast. No damage to the New Hampshire or the Louisiana which are proceeding to Southern waters, was reported.

2,000 Americans Fight With Canadians

London, Aug. 16.—There are no fewer than 2,000 Americans in the ranks of the Canadian military contingent, said Major General Samuel Hughes, Canadian minister of militia, at a meeting of Americans held here last night. "I have already written letters of gratitude and sympathy," said General Hughes, "to mothers of American boys who fell while fighting in Flanders with Canadian comrades. More than 2,000 enlisted and we could have many more if we wish. Any number of West Pointers offered their services as officers and some are now with us."

Ohio Midshipman Dismissed By Board

Washington, Aug. 16.—Dismissal of two midshipmen and the disciplining of twelve others for alleged "cribbing" at the United States Naval Academy are revealed today as the result of the findings of the court of inquiry which investigated irregularities in examinations and recitations at the academy. The midshipmen dismissed with the approval of President Wilson were Ralph M. Norman, Jr., of Peekskill, N. Y., and Charles M. Reagle, of Wellsville, Ohio. The court's recommendations that the others be disciplined were approved by Secretary Daniels.

Drastic changes in the conduct of examinations are recommended by the court in a unanimous report of its inquiry begun in June. Abolition of the practice of giving out "dope" or advanced information unless heads of departments issue it by memoranda and less rigorous examinations are the principal recommendations.

HALF OF TOWN BURNS

Reno, Nev., Aug. 16.—Twelve buildings, constituting about half of the business of Upper Rochester are in ruins today as the result of a fire which burned for several hours yesterday. The loss is estimated at \$200,000. Upper Rochester is a gold and silver mining camp in Humboldt county, about 200 miles east of here.

Veterans To Discuss Better Defenses

Detroit, Mich., Aug. 16.—Consideration of the alleged necessity for a larger army with reserve corps was expected to occupy much of the attention of delegates who assembled here today for the sixteenth national encampment of the veterans of the foreign wars of the United States. The ladies' auxiliaries of the veterans of foreign wars is also meeting here at this time. "The veteran reserve corps is needed for the safety of the country," declared Lieutenant Colonel Robert S. Woodside, of Pittsburgh, who was one of the early arrivals. The creation of a reserve force would stop a wasteful leak in our army administration. Some people suppose uniforms can be slipped on a million men, thereby giving us a fine army. The fact is, however, no man is a soldier without training. It takes at least a year to whip him into shape.

DEVICE RECORDS SPEED OF ENGINE

Sharon, Pa., Aug. 16.—Passenger trains on the Mahoning division of the Erie railroad have been equipped with a device which records the speed over the entire distance traveled. If at the end of the run the division device shows that the speed has exceeded that prescribed by the rules, the engineers are reprimanded. Trains are permitted to travel sixty miles an hour, but an engineer has a margin of six miles above that speed.

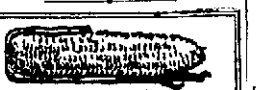

CHEATS POLICE BY KILLING HIMSELF

Dublin, Ireland, Aug. 16.—David Johnston was found dead this morning beneath a window of his house in Lurgan, in which for two days he had withstood a siege of the constabulary. A bullet wound below his eye and an empty revolver clutched in his hand indicated he had used his last cartridge to cheat the police of their quarry.

Johnston who is believed to have been mentally irresponsible precipitated the trouble on Saturday by firing at registry enumerators who went to his house to deliver the official form in connection with the national registration now under way.

SOLDIER HAS CHOLERA

Geneva, Switzerland, Thursday, Aug. 12.—(Via Paris, Delayed in Transmission)—Asiatic cholera has appeared at Cannstatt, Wurttemberg. An official notice says that only one case has developed, that of one German soldier on leave who contracted the disease in Galicia and that every precaution is being used to prevent spreading of the contagion.

THE WEATHER

Ohio—Local thundershowers this afternoon or tonight, cooler in north portions. Tuesday partly cloudy and cooler.

DENIES SHIPMENT OF MUNITIONS IS NEUTRALITY BREACH

Washington, Aug. 16.—The United States in a note to Austria-Hungary published today firmly but politely declines to accede to the request of the Vienna government that the export of arms to the allies be stopped.

The communication is in reply to the recent Austrian protest that the United States in permitting the export of arms to Austria's enemies was violating the "spirit" of neutrality. The American note is a flat denial of that contention and vigorously upholds the right of the United States under international law, to export war munitions. In justification of its position, the United States recites among other things that international law, the practice of nations, the security of the United States and other nations without large military or naval establishments and neutrality itself are opposed to prohibiting the export of war munitions by a neutral to a belligerent in time of war.

The United States contends that it cannot deny to others the right which it claims for itself for purchase of war munitions from a neutral in event of a foreign attack. In this connection the United States hints that it might have to buy from neutrals if attacked.

The note recites the fact that Austria-Hungary and Germany supplied munitions of war to use during the Boer war when England's enemies could not import such supplies and a statistical table of such sales is appended. It suggests that had Austria and Germany refused to sell arms to Great Britain at that time "on the ground that to do so would violate the spirit of strict neutrality," these countries "might with greater consistency and greater force urge their present contention."

Pointing to a practical and substantial reason why the United States, aside from the question of principle, advocates and practices unrestricted trade in military supplies, the note declares:

"It has never been the policy of this nation to maintain in time of peace a large military establishment and stores of arms and ammunition

sufficient to repel invasion by a well-equipped and powerful enemy. It has desired to remain at peace with all nations and to avoid any appearance of menacing such peace by the threats of its armies and navies. In consequence of this standing policy the United States would, in the event of attack by a foreign power, be at the outset of war seriously, if not fatally embarrassed by the lack of arms and ammunition and by the means to produce them in sufficient quantities to supply the requirements of national defense. The United States has always depended upon the right and power to purchase arms and ammunition from neutral nations in case of foreign attack. This right, which it claims for itself, it cannot deny to others."

The United States asserts that it cannot concede to the suggestions that it change or modify the rules of international usage during the progress of a war, on account of special conditions and declares that the idea of neutrality advanced by Austria would "involve a neutral nation in a mass of perplexities which would obscure the whole field of international obligations, produce economic confusion and deprive all commerce and industry of legitimate fields of enterprise of any heavy burden by the unavoidable restrictions of war."

Attention is directed to the fact that Austria-Hungary and Germany before the war produced a great surplus of war munitions and sold them throughout the world "especially to belligerents" and that "never during that period did either of them suggest or apply the principles now advocated by the imperial and royal government."

The note points out particularly that during the Boer war between Great Britain and the South Africa republics, the latter were in a position almost identical with that occupied by Germany and Austria at this time and that "in spite of the commercial isolation of one belligerent, Germany sold to Great Britain, the other belligerent, hundreds of thousands of rifles of explosives, munitions, cartridges, shot and weapons and Austria-Hungary also sold similar munitions to the same purchases, though in small quantities."

ACCUSED MURDERER COMMITS SUICIDE

South Bend, Ind., Aug. 16.—Silas N. Ebersole, a former Dunkard minister, held for the murder of 15-year-old Hazel Macklin in August, 1914, committed suicide by hanging himself in the county jail this morning.

Sylvia Pankhurst Refuses To Register

London, August 16.—Sylvia Pankhurst, famed as a militant suffragist, will not comply with the national registry regulations, she asserts. "I am not going to register, that is all I know about it," declared Mrs. Pankhurst at a meeting followed by a demonstration of East London suffragettes. "For my part I think it merely a ruse to get more power out of the workers. I am not a man so they can't take me to war but they won't send me to a munitions factory."

SEES MORE BUSINESS

Duluth, Minn., Aug. 16.—Good Times in the Business World was the topic informally discussed today by delegates from all over the United States here to attend the annual convention of the national association of mercantile agencies. Most of them declared the business outlook is brighter than it has been for three years.

FEAR INDIAN ATTACK

San Diego, Calif., Aug. 16.—Although the situation is quiet now, an attack on foreign property, on which the Indians are now foraging, is expected, according to word received today by the United States ship Colorado from Los Mochis. The commanding officer of the United States cruiser Cleaveland held a consultation with a number of prominent Americans at the headquarters of the United Sugar Company at Los Mochis.

There are 116 American men, women and children at present in the Los Mochis district, the commander of the Cleaveland was told, but they all refuse to leave their homes.

WILL DESTROY TORPEDO

Paris, Aug. 16.—A device invented by the Italian engineer, Guarini, which makes it possible to drive torpedoes out of their course and explode them, has satisfied tests, says a special dispatch from Rome. Arrangements are being made to supply the device to the Allied fleet.

IT WAS FIFTY FIFTY IN DOUBLE HEADER SUNDAY

Locals Copped The First One, 3 To 2; Charleston Won 7-1

(BY F. W. SHERIDAN)

HUBERT TEST, high school student and leading pitcher of the Ohio State league, failed in his effort Sunday afternoon at Millbrook park to qualify for the iron men's stakes in the double header with Charleston which was split "fifty-fifty," the locals copping the matinee 3 to 2, but losing the afternoon 7 to 1, before one of the largest gatherings of the season, showing conclusively that while interest in baseball may be on the wane, the fans will still stand for a bargain day, in much the same fashion as the good women of all climes and communities fall for a remnant sale.

Test, breezed in on the first leg of his race in apple pie order, and felt so good that he importuned Manager Spencer to allow him a chance to repeat in the second. Now Test is a youth of but nineteen summers. Like the village blacksmith, he has large and sinewy hands. His make-up denotes plenty of strength, and yet his muscles are not so hardened as those of a "smithy" and thred nature collected her toll in the sixth inning when Test was sent to the shower bath pit where he cooled his fervid brow and gave his muscles a chance to relax. In the opening game the big, willing fellow allowed but five hits and two runs. Both of these runs were earned, for Test simply made the opposition hit "er out, refusing to grow wild and continually putting plenty of stuff on the old agitator. He was opposed by Mr. Henderson, who pitched a good game and who can blame his defeat upon the bad plays of Beers & Co. He toiled manfully and bravely and with cleaner support might have emerged a victor.

The second game looked as though it might be a repetition, but Test, who went the first two innings in classic style, seemed to alter a trifle in the third and fourth innings when the visitors, coupled with an error, won over three runs. Test was pulled in the sixth in order to give Larry Jacobus a chance to score his daily bludge, which he did very artistically and very quickly. Biting for Test he beat out a slow roller that Hudson fielded as though he was on jungle foot. After that proceeding inning had blown over, Seward Dills, the Louisville Rooster, took up the hurrying duties and was the recipient of several bad plays, four large and ornate runs resulting. Manager Beers driving in a couple of them with a well placed double to middle. Then Ferguson went to the mound and retired the last six batters in rotation, not a one of them getting half way to first base. "Ferg" showed plenty of class and was as lively as a cricket on a frosty morning. He will probably be used regularly from now on, for he showed a world of speed and his control was gilt edge.

Coffindaffer, who was born in the woods, and who learned to chuck by throwing hickory nuts at chip monkeys on poplar hips, butted the afternoon and got by nicely. He allowed but six hits and was recorded brilliant support at all times. He doubles up like a Hershey's bar with the colts, but has splendid control and did not walk a single man. The Senators played bang-up ball, ever going to third on a mix-up around

the first station. Test filed to middle. A double steal was then negotiated, Spencer scoring. Dills filed to short and Dills fanned.

In the lucky seventh the locals won the game. Calton led off to first, but McHenry walked. Spencer filed to Beers, Beers walked. When McHenry tried a theft, Beers tossed into center field, and McHenry hot-footed it for home and glory. Bush walked and Test brought a mighty cheer when he biffed safely to left. Dillhoefer chose this time to settle the game and Bush rode home on his single to left. Dills filed to Hudson.

Notes Of The Game

The Lexington Colts, under the astute leadership of Manager Guy, will be the attraction at Millbrook park, Monday, Tuesday, Wednesday and Thursday. The Colts have been blowing up quite an amount of dust of late and hope to make plenty of hay here. The locals, incidentally expect to increase their percentage at the highest of the Colts and the games will be hard fought. Come out at three p. m. and help root.

The games were not of real high caliber yesterday, although the fans had plenty of chances to root in the first game because the score was always close. Had the visitors given Henderson a little more support, the two teams might have battled indefinitely. Test had the goat of the visitors after the first inning when he allowed two of the hits. After this the big fellow settled down and while another run was scored by the visitors coming his way at all times. Test imagined he was able to go through the second contest, and begged Manager Spencer for a chance. He was accommodated, but found this going a little too rough.

counted on Beers' double to middle. Powell walked and two more came over on Corbin's single to left. Daubert rolled to the box. Good night.

The last two innings Ferguson put the visitors down in order, they not being able to gauge his terrific speed or fathom his mystifying curves. The locals' only run came in the sixth inning. Spencer led off with a hit only to be forced by Bush. Jacobus singled to first, Bush taking third and scoring on Dillhoefer's long fly to Corbin. Dills filed to Daubert. The score:

BENTON GOES TO GIANTS

Because New York had a prior claim on the services of Rubin Benton, the erratic hurler of the Reds will have to join the Giants and not Pittsburgh as previously reported. If Benton goes to the Giants he should win a few games for McGraw as he would have to give that club his best services or decorate the bench.

WISEACRES HAVE DOPE?

Eastern fans have it all doped out that the Phillies, Brooklyn and the Braves will fight it out for the National League pennant. They insist that the Giants and Pirates have not sufficient strength left to come through with a grueling finish. But fans, you know the Eastern books are some times wrong. Yes indeed.

There Is Only One Alexander

After one has lapped the brand of pitching Alexander has been putting forth for the Phillies this season and past seasons so far as it is concerned he is in a mood to readily agree with the critics, who unequivocally declare Alexander, he of the smoke ball and the quick break curves, the greatest pitcher of them all. Alexander pitches artfully, systematically and winningly.

Possessing terrific speed, almost uncanny control and shoots that actually fool his catchers at times, Alexander is in a class by himself as a box artist. And the beauty about his work is that he goes right on pitching all day ball every time and his demeanor and manner are not affected by the fulsome praise, the fans and critics heap upon his broad shoulders. He is certainly Manager Moran's ace in the hole and if Alexander can come through with a string of victories during the last lap of the National it will be pretty hard to overtake the Phillies, who have just kicked the props from under the faltering Braves.

"Bullet" Joe Bush Of Athletics Is Here Looking For Material Reds Hand Pirates Neat Pair Beatings

Bent on securing a promising young infielder and two pitchers for the Philadelphia Athletics, no less personage than "Bullet" Joe Bush of world-famous fame slipped quickly into Portsmouth Sunday evening and will watch Portsmouth and Lexington play two games. After his stay here Scout Bush will visit other Ohio State league towns, having been directed by Connie Mack to see every player in the league in action before returning to Philadelphia. It is thought that Bush's mission here is to see Huddy Catton of the Portsmouth team and Catcher Blackwell of the Lexington Colts in action. He has also been making inquiries about Pitcher Monroe of the Frankfort team, who is said to be about ready for big league pitching.

Fans will recall the wonderful pitching Bush put up in a world's series which the Athletics won from the New York Giants several years ago. Then a raw and rather inexperienced hotshot Bush was sent in against the Giants and he made baseball history when he turned back the McGraw men in a convincing manner. Bush won his spurs on this memorable day as he has since been recognized as one of the pitching stars of the American league. He became famous for his speed and it is said that his fast one equals that of Walter Johnson.

Unable to take his turn in the box because he strained a ligament in his left leg Bush has turned scout for Connie Mack and will put in most of the month of September, shaking the "bushes" for phenoms.

The Reds' great fighting spirit was shown when, after Harmon allowed them one measly hit a three bagger by Wagner, up to the seventh inning of the second game they jumped on him and pounded out a victory. Winslow's three bag smash in the seventh with two men on was the turning point and led to a 4-1 victory for the Reds. The Reds simply outplayed the Pirates in both the offensive and defensive. Little Leine Groh at third seemed to be a dead on balls hit to the infield while Melvin Davis more territory than a German army on throws to first.

Teams Split Double Header

Frankfort, Aug. 16.—Calbert's home run won one on in the first inning of the first game defeated Frankfort, but in the second the locals fell on De Laet and Calbert and pounded in 18 runs with 19 hits in first six innings. The score:

First Game.
Frankfort 2, Lexington 1.
Batteries: Reams and McDermott; Bacon and Mueller.

Second Game.
Ironton 0, Lexington 3.
Batteries: De Laet, Calbert, Taylor and McDermott; Bacon and Mueller, Calbert-Jacobs.

UP TO THE PITCHERS DECLARES BOSS BIDDY

The Charleston Senators left Sunday evening for home, where they will play four games with the Frankfort team. Manager Beers stated Sunday that he firmly believes the Senators will copy the second half pennant and that his fighting club would stage a seven game championship series with the Spencer team. "If our pitchers holds up we will cop the bunting" and the leader of the Senators yesterday.

CONWELL IS TRIPLE-LESS

Our old friend Irish Conwell has gone three baggerless so far this season. And to think how many three cushion swats he would rap out in Millbrook. The latest batting averages of Texas league players show that Conwell has batted out 17 doubles and 3 home runs, but not a single triple is credited to him.

Rickey Strong For The Rah Rah Lads

Branch Rickey, boss of the St. Louis Browns, has started to rebuild his team—and all his new material is being secured from the colleges.

"College players as a rule are brainier and more gentlemanly than the sand lot players," asserts Rickey. "And there's just as much natural ability among the collegians as there is among the youths who come from the small town teams. Connie Mack built a wonderful machine with raw material secured from various colleges, and I hope to do likewise."

Furthermore, a college player can be secured for almost nothing in comparison to what the pros cost. And the reserve pool of one must pay for a high-level minor league player."

Billy Southworth Real "Jinx" Buster

Billy Southworth has figured in a Jackson's bad. When the latter hit safe, Billy Southworth did a war dance of joy. However, in the ninth inning pinch the youth was so busy reaching that he forgot the great "Jinx" and the records prove that the much desired hit was not forthcoming. The "jinx" buster has many other queer methods for banishing ill fortune, but he must be seen in action to be fully appreciated.

AS TO OUR EXPERIENCE.

Roanoke is discussing the advisability of installing a public drinking fountain, mind you just one, on the ground immediately about her fine new city hall. The matter is being discussed editorially in the local press, and "the consensus of opinion," as reporters more than frequently report, is that it would be a most desirable accommodation.

Perhaps, the experience of Portsmouth along this particular line may interest the thriving and progressive town further up the road. Along about the year 1911, in the lustrous administration of Henry Clay Searcy, the city set four or five drinking fountains to going. They proved most popular, more especially among the country people and strangers in town. Their installation cost little, somewhere around a total of eight hundred dollars, but their up-keep proved expensive, since ice cold water was served through them, and the water, being taken directly from the river had to be first filtered to make it drinkable, while the acids carried in the waters were damaging the fountains and making repairs constantly necessary and expensive. With a change of administration the fountains were all allowed to fall into disuse and some of them were actually taken up and carried away. This is now looked upon as a grievous mistake, more particularly since the new system in operation would furnish water entirely suitable for drinking purposes and without requiring to be cooled by ice.

LOOK UP THE DEFINITION.

What's biting the Bluefield Telegraph, that it takes this sinister job at that distinguished diplomat, our friend, Hon. Elliott Northcott, of Huntington: "It is a very obscure citizen, who can't get his name in the papers, at this time, in connection the Republican nomination for governor. At least a dozen have been pointed out as threatening to be candidates, and the latest is Hon. Elliott Northcott, of Cabell county." Now, that's real mean. Elliott obscure! Why man, he's lustrous. Hasn't he drawn down a handsome stipend as United States district attorney? Hasn't he shown for as much as five months as minister to Venezuela or some other 5x4 Central American government of the time? Hasn't he been pestinating around for twenty years and more as "an influential leader in Southwestern West Virginia," and last but not least, hasn't he put on a shine, every time some office worth while had the strings on it untied for a moment?

We advise the esteemed Telegraph to get out an advertising copy of Webster's and look up what obscure means, as applied to statesmanship.

Governor Frank B. Willis has at last done a positive thing and has wiped out the charge that he is a do-nothing chief executive. According to the press bureau attached to his office he "ate eleven chicken gizzards at one sitting at the Jamestown Chautauqua, saying that all his life he had never been able to get enough gizzards." It is pleasing to learn at the same time that the first citizen of the state also cleaned off several plates of fixings and established a record for dumplings consumed. Eleven chicken gizzards! Golly! But then down here in Portsmouth the governor's friends had to sit down to a dinner of crow and what's worse, had to jump through hoops, bow and scrape publicly before the victors and otherwise make a noise like they enjoyed the dish.

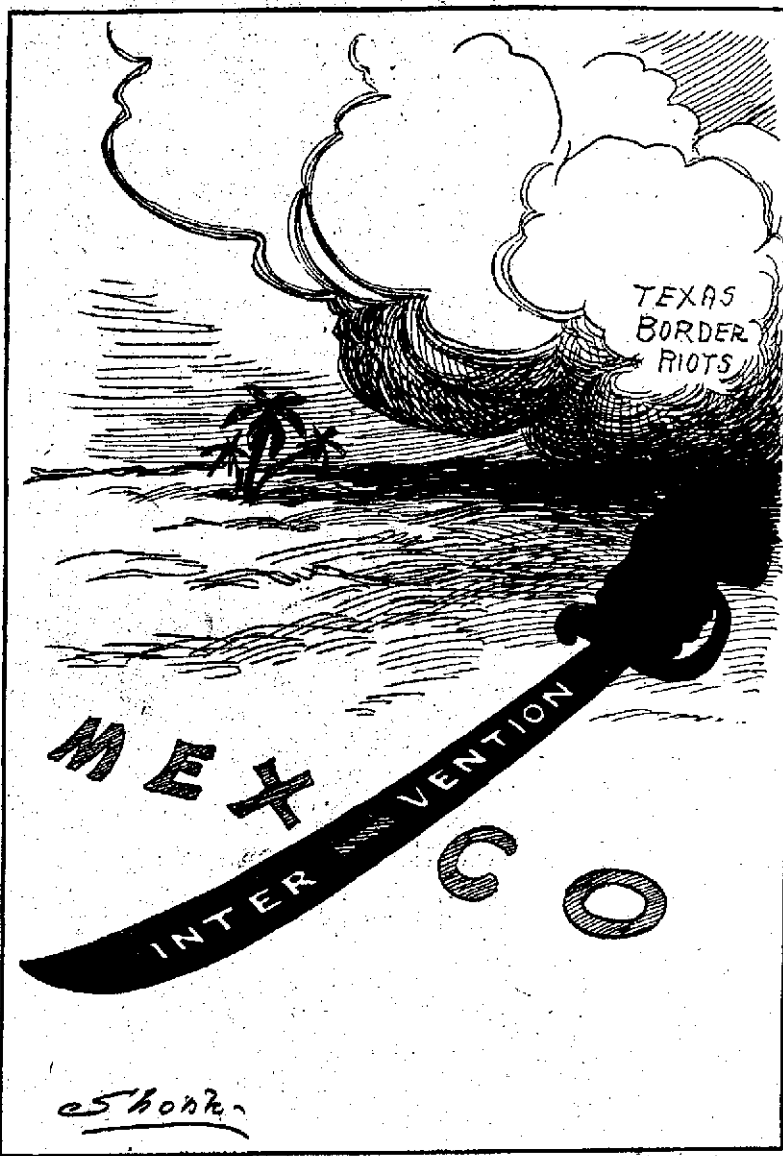

The victorious Kaps faction and its organ are having great fun these days. They seem to think that they are so sure of victory this fall that they can indulge in merry-making at the expense of Democrats in general and The Times in particular. Thus they evolved a cartoon with Miss Democracy handing Frick to The Times and asking the question, "will he take it?"

Well, it is fine to be cocksure of victory. But sometimes the winners in August find themselves without a shirt to their backs in November and happy young Mr. Kaps may waken up to find himself only another example of misplaced confidence and glittering promises that failed to materialize.

No, the wets are not responsible for raising the alarm, "Beware of buttermilk!" One of those scientific college professors, who hibernates somewhere about Chicago, makes the pronouncement that the ordinary brand of the lacteal rival, even in bar rooms, of spirits, is teeming and surging with the bacteria that provoke dysentery, typhoid, diphtheria, tuberculosis and cholera. And if there be any other malady of especial deadliness lurking about it will absorb it and then charge the human system with it. Get so after awhile a man will have to have a chemist, a microbist, a doctor and a professor expert with every drink he takes, or bite he eats.

Ironton is making great preparations for her Apple Show which is to be held September 14, 15, 16, 17 and 18. A fine premium list offering more than \$2,000 in prizes, has been issued and the business men of the up-river town are hustling with might and main to make the displays a success. Last year Ironton had a great show. This year we hope that she will do even better, that the rains will all be over by that time and that her streets will be thronged with visitors throughout the carnival.

FORESHADOWED.

RESULTS OF NEWSPAPER READING.

In a public address the other day, Mr. W. W. Harris, of New York, made this statement in regard to the effect of newspaper reading:

"The constant reading of newspapers certainly has these results: An extension of popular vocabulary; an extension of popular information; a broadening of our world vision, for never have newspapers printed so much world news as of late years; an education in personal and international ethics."

The gentleman could have put it even more briefly and as forcefully by stating that in this day and age no man can be educated unless he closely follows the daily press. He cannot understand history, for history is being written every day. He cannot understand mechanics, for the daily paper records the activities of the mechanical world long before the technical journals hear of the events. He cannot understand economics, unless he reads the daily paper, because to understand economy one must also understand industrial and financial and commercial conditions. In short, he cannot understand the spirit of the times, unless he be a reader of the newspapers.—Columbus Dispatch.

Sure, "beer keg parties" on election day with a saloon-keeper and bar tender as hosts, are strictly non-partisan and what's more purely non-factional. How foolish in any one to hint otherwise.

As it stands now the new Scioto bridge will be done by November at the very latest. The towpath may be done some time next year. That is, unless the commissioners take charge of matters themselves and see that the work is completed.

Just because Ironton and Chillicothe have dropped out of the league is no reason why our base ball team should lose all of its pep and ginger.

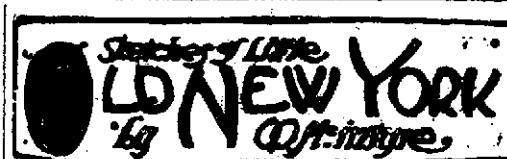

Did you notice that even the weather man has gotten to shying off on his predictions and is now prefacing them with "probably?"

The Huntington Advertiser editorially announces that Bulgaria is going to join with the Allies. It would be a glad some day with the Allies when the assurance of the Advertiser reaches them.

Did you notice that the N. & W. shops have gone on a nine hour day basis? The good times are coming mighty fast for the Peerless.

In making your plans these days just figure in as a certainty the daily thunder storm. It is one of the things that can be counted upon as a never fail.

Portsmouth was truly a blockaded city Sunday. People could neither come nor go on account of the frightful temporary roads or the blocked bridges.

New York, August 16.—Like Dorgan, who came over to Gotham from San Francisco to chase items for one of Mr. Hearst's journals, is to become a fight manager. He is a brother of Cartoonist Tad and has taken Frank Moran, just home from Gay Paree, under his wing.

All that Moran has to do, according to Dorgan, is to knock out Jess Willard. Simple little thing! When Dorgan's friends heard of his sudden rise to fame, they decided to put on the feed-bags in his honor.

Horv Roth, of the World, and Ruba Goldberg, of the Mail, used to play on the 'Frisco lots with both Dorgans and they had a fine assortment of yarns to disperse. One concerned the weary search by young Ike in every store in the neighborhood for a "wall-paper stretcher." He finally was sent to the outskirts of the city and at midnight returned with what he supposed was the desired article.

He had almost broken his back toting home a bucket of sand.

S. S. McClure, the new editor of the Mail, is sighing for one hour of Dana and he has only been on Park Row a few weeks. McClure is putting a lot of ginger into the publication despite the predictions that he was a "magazine man" and very few of them make good newspaper editors.

McClure is especially touched over the fact that a few paragraphs are intimating that he is not exactly neutral—that is to say that the Mail, as forecast when he took control, is to be a pro-German journal.

Before his sigh for a Dana had died away, an unfeeling paragrapher of the Sun wrote: "If Mr. George Sylvester Viereck should be elected president next year—it is true that Mr. Viereck was not born in this country, but a constitution is only a scrap of paper."

We join with the Providence Journal in jaying over the announcement of the Colonel that he is going to talk from time to time and our satisfaction is equally great in the conviction that is much better than talking from time to eternity.

The favorite son scarce seems to be holding the reserved place that he did in days past. Well, they are looking for some one now that may have a chance of beating Wilson. The days are past when any sort of an old candidate could get there.

As the Pittsburg Press sees it, a real summer resort is where a woman can wear out her last year's clothes without being talked about. Yes, it would be real if there were, or could be any such place, with as many as three women about.

The unkindest cut of all is delivered by the Wall Street Journal, which predicts there will be no American ships sunk after the LaPollette law goes into effect. There won't be any.

This talk of summoning congress in special session should be stopped. President Wilson has enough perplexities in stock already.

Of the editors whose writings it is our delight to read, we consider the man of the New York World the most wonderful. He has been as mad as a hornet ever since Theodore Roosevelt was born.—Toledo Blade.

May be the Kaiser sees what's ahead, but we fear he is somewhat nearsighted. The fracas will scarcely end by October.

Seven out of eight nations have agreed on a definite plan to quiet Mexico. The eighth nation is Mexico.—Chicago Herald.

The "good old days" are with us again. Keg parties have a familiar sound to those who have gone through the political wars of eight and ten years ago.

Oh well, a blockaded Portsmouth means more business to the merchants in the outlying settlements beyond the dead line.

The weather man seems to sort of regard Henry Ruel as the innocent bystander and hands it to him in proportion.

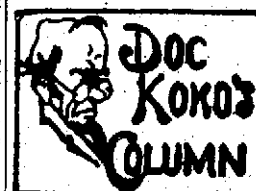

WHEN GOING OUT OF TOWN.

Readers of The Times can have the paper while away on vacation trips by merely communicating with the circulation department. Addresses may be changed as desired. Both old and new addresses should be given when notifying the circulation department by telephoning or letter. Have The Times follow you. Phone 446.

Not that anybody cares especially, but news is news. Thus is chronicled the facts that Mr. Freeze makes ice cream on Third Avenue in Harlem and Foody Brothers have opened a business men's lunch on Eighth Avenue.

It was almost like a circus parade in a small town when the \$19,000,000 worth of gold was moved from the Grand Central station to the sub-treasury. Frank M. O'Brien, who stood on the sidewalk and watched, said it made him feel as discouraged as a common, ordinary flea at an aristocratic dog show.

City Magistrate Joseph Fitch has decided that a prisoner who has been sober for 364 days was entitled to get drunk once a year and he released the man on a suspended sentence. The next day

Magistrate Fitch ruled that a man may swear at home as much as he pleases so long as his family does not object.

As he views our laws, a woman may legally deal almost anything she wishes to her husband, except to murder him. Plugging his eye-socket with a tomato, cracking his head with a flat-iron—these are all little amenities that fall within her rights.

But if her suffrage-holding mate tries the same tactics he will be punished for his cruelty. The explanation is that the law still views woman as somewhat of a chattel. Her rights are, as such, limited, while her privileges of immunity are increased.

C. N. Landon, the famous Cleveland cartoonist, has returned home after a period of rusting around Gotham. He is not so sure that all of the fun poked at the Broadway sport shirts is not kalsomining the lily.

Landon could not be induced to wear one, however, but for the man who hasn't a prominent Adams apple he cannot see why it is not the sensible shirt. His view is also upheld in printed interviews with C. D. Gibson, Henry Hunt, Harrison Fisher and other artists.

UNIFORM RANK JR. O. U. A. M. TAKES YORK PARK CITY READY TO SURRENDER TO VISITING HOST

York Park resembles a regular military camp today, being the site of the annual state encampment of the uniformed rank, Jr. O. U. A. M., this week. The Second Ohio Regiment, under the command of Col. E. A. Llewellyn, arrived Sunday evening at 7 o'clock, about 150 strong, on the Steamer Majestic from Cincinnati, after having been on the river for twenty-four hours.

Engine trouble and long stops at the wharves along the way delayed the boat several hours, as the Cincinnati companies expected to arrive Sunday at noon and have their camps pitched before evening. This work had to be delayed until Monday morning and the men spent the night on the boat.

Bright and early this morning the uniformed members were carrying tents and camp equipment up the steep hill overlooking the Ohio river at York park, and by nine o'clock the camp was well under way. Guards were stationed about the camp to prevent trespassers from entering, as the officers would not permit visitors until the camp had been pitched.

With the Cincinnati delegation came a wireless signal corps, with a complete wireless apparatus, which will be open for inspection during the week. A complete kitchen and hospital equipment also is included in the property of the Cincinnati companies and the men will be well taken care of during the week.

Brigadier-General Ware, and the balance of the companies are expected Monday noon, by which time the full strength of the encampment will be on the ground.

The officers and men are garbed in full military style and military tactics and rules are strictly adhered to. The program each day is similar to that of any U. S. Army camp, beginning with reveille at 5:45 a. m. and closing with taps at 11 p. m.

In addition to over 400 men, fully armed and equipped, the camp will boast of a field band of thirty pieces, a signal corps, a hospital corps, an engineering corps, and a battery of artillery. The complete wireless signal outfit is in charge of Captain Theisen.

The individuals tents are pitched

in rows of five from north to south under the beautiful shade trees of York Park, and a more delightful spot for a camp during the summer months could not have been secured. The large kitchen tent is located at the edge of the hill, overlooking the river, with the officers' and corps' tents in the center of the camp.

The open space at the western end of the camp will be utilized for parade and drill grounds, and daily drills will be held daily, to which the public is cordially invited. The first drill is at 9:45 o'clock in the morning, with dress parade at sunset. No visitors will be allowed on the grounds between reveille and taps, and guards will be stationed around the grounds to prevent admittance.

Side features of the week's encampment include the Dixie Minstrelsy given by the Second Regiment at the High school auditorium on Wednesday evening, at 8 o'clock, and the big sham battle at Millbrook park next Sunday afternoon, in which the entire camp will participate.

On Thursday noon city officials and members of Bailey Post, G. A. R., will be guests at the noon-day mess.

Arrangements for the camp and reception and entertainment of visitors were in charge of the members of Portsmouth Council, Jr. O. U. A. M., and the uniformed rank company, William E. Boyles, captain. The local boys are enjoying camp life this year in walking distance of their own homes.

Burdens of the Ass.

To know what has gone with which boots, and what collar and tie with what coat and waistcoat, and what costume is appropriate at ten o'clock in the morning and what at ten o'clock in the evening, and to know the names of the head waiters of the principal restaurants are minor matters. These are the conveniences of the gentleman, but the characteristic burdens of the ass. Such a mental equipment is not the stuff of which soldiers, sailors, statesmen, explorers or governors are made.—Exchange.

Boy In Swimming Is Shot By Irate House Boat Owner

Infuriated because several boys were swimming in the Ohio river within sight of persons on his houseboat, Charles Hill, of Sciotoville, is charged with having fired a shot gun at Herman Kinker, 12, son of Mr. and Mrs. William A. Kinker, Sciotoville, Sunday afternoon, two of the small shot hitting the lad and slightly injuring him.

Young Kinker, with several companions, stripped and went into the water on the Ohio side of the river a short distance below the N. & W. station at Sciotoville. Swimming at this point is not violating any law stated Squire James Basham, Sunday. The place has been a recognized swimming hole for fifty years and Squire Basham says he went in

swimming there when a young lad.

Hill, it is claimed, secured his shot gun and without warning fired at the boys. Two of the small "bird" shot hit Kinker, one shot raising a blister on one of his fingers and the other shot causing a slight laceration on his left side. The mother of the lad later swore to an affidavit before Squire Basham charging Hill with shooting with intent to kill, wound or maim and for living on a houseboat without a license. He was arrested by Constable Clinton Daniels and Sunday evening was taken before Squire Basham. On account of lack of witnesses, the trial was postponed until Monday evening. Sheriff Pete Smith was notified and Hill was taken to the county jail Sunday evening.

10,000 Educators Meet In Oakland

Oakland, Calif., Aug. 16.—Every morning train and steamer continued today to increase the hosts of delegates that have gathered here for the fifty-third annual convention of the National Educational Association and it was estimated that 10,000 were on hand for the opening session. Representatives from 27 foreign countries are expected to participate in the 15-day convention. National Council of Education, the International Kindergarten Union, the American School Peace League, and numerous other allied organizations will meet in conjunction with the parent body.

Politics it was apparent would eat into the interest of many delegates until the fight for the presidency of the National Education Association is settled on next Thursday. The leading candidates are Miss Grace C. Strachand, district superintendent of schools, of Brooklyn, N. Y., and David B. Johnson, president of the Winthrop Industrial and Agricultural College of South Carolina.

For the next convention place, Atlantic City, N. J., is being urged by energetic campaigners.

OBITUARY

Mrs. Clara Ulrick
Relatives and friends were saddened Saturday night and Sunday when they learned of the death of Mrs. Clara Ulrick, young wife of James Ulrick, of 943 Mill street. Mrs. Ulrick had been ailing since April and for the last several weeks was seriously ill; death coming shortly after nine-thirty o'clock Saturday evening. The deceased struggled bravely to throw off the attack of malarial fever until Saturday morning, when she lapsed into unconsciousness.

Mrs. Ulrick before marriage was Miss Clara Smith, eldest daughter of Warren and Amelia Smith, of White Oak, Ky., back of Fullerton. About twelve years ago the deceased came to Portsmouth to work in a shoe factory. June 9, 1906, she was united in marriage to James Ulrick. To this happy union one child, Delmar, eight years of age, was born. Mr. Ulrick is a well-known shoe worker and his numerous friends join with him in his sorrow.

The mother of the deceased passed to the Great Beyond over four years ago. Mrs. Ulrick was born September 13, 1886, at White Oak, Ky., where she was raised and lived until the time she came to the city.

Besides her bereaved husband and son, the deceased leaves her father, Warren Smith, of White Oak, Ky., and two sisters, Mrs. May Timberlake, of Morton Hill, Ky., and Mrs. Edna Conley, of White Oak, Ky.

Mrs. Ulrick had a legion of friends who held her in high esteem. She was always ready to lend a helping hand and her frequent acts of kindness will be greatly missed.

The funeral will be held from the home, 943 Mill street this afternoon (Monday) at two o'clock. Rev. Mr. Oakes, of the Christian church at Fullerton, will have charge of the last rites. Interment will be made in Greenlawn.

Makes Date With Man For His Wife And Is Arrested

"Say, bo, would you like to meet a couple," whispered a stranger to Officer Callahan Smith, as he stood near the N. & W. passenger station Sunday morning.

"Couple of what?" queried Smith. "Come on, you get me?" retorted the man.

"Alright, I'm on," shot back Smith. Standing a short distance away stood Officers Roy Moore and Osbourne in citizens' clothes. They got the wink from Smith. A few minutes later Smith's new acquaint-

ance returned. "They'll be here in a few minutes," he replied.

"Come on, let's don't wait for them; let's go get 'em," suggested Smith. The new cronies did.

Officer Smith was taken to a house in the alley at the rear of Tenth street, near Findlay. There he found Mrs. new acquaintance, Kuhn Seagraves, had fixed up a "date" for the officers with his wife, Lucy Seagraves, and Ada Nichols Jenkins. The other two officers trailing Smith joined the group and arrested the trio.

Genius.
Men give me some credit for genius. All the genius that I have lies just in this: When I have a subject in hand, I study it profoundly. Day and night it is before me. I explore it in all its bearings. My mind becomes pervaded with it. Then the effort which I make is what people are pleased to call the fruit of genius. It is the fruit of labor and thought.—Alexander Hamilton.

Happiness.
Money will not procure happiness, but happiness will help procure money. Happiness makes every task a pleasure and every worker optimistic, and an optimistic worker at a pleasant task can perform it in no way but well. Happiness is not only its own reward, but it is an irresistible magnet which is forever drawing unexpected rewards. And happiness can know no evil; evil happiness is a contradiction of terms. Happiness is a religion in itself. He who has happiness has jumped just over the very goal of life.—Judge.

Enterprising Youth.
Coming in on the train the other day was a little nervous mother and a flock of children. As the train neared Boston the mother began to question if everything was all right. TEMPORARY BRIDGE DAMAGED; STILL STANDS

Danger Over And Structure Will Be Repaired Shortly

Four piling on the temporary bridge over the Scioto river were snapped in two at midnight Saturday night, causing four bents on the structure to sag. The damage to the bridge happened near the West Side end.

Contractor Henry Ruel stated Monday morning that he would make a desperate effort to have the bridge ready for vehicle traffic by Tuesday morning. Pedestrians are allowed to walk over the bridge.

It will be a difficult job to repair the bridge in its present condition, owing to the fact that drift is piled against the broken piling from the bottom of the river up. All of this drift will have to be removed before work of installing new piling can be commenced.

Officer Beaumont next tried the office door and found it open. He communicated with headquarters who in turn called John Berndt, of Lincoln street. Berndt and Officer Beaumont made a complete search of the house but found nothing disturbed. John Berndt

AFTER he had gone two or three blocks the Man-with-the-Grouch began to get some idea of a fitting answer to the pert little woman with the upturned nose who had said something cutting and personal to him.

"If my men can hold out I will work all day and all night to get the bridge in condition for vehicle traffic by Tuesday morning," stated Mr. Ruel, Monday morning. They have gotten very little sleep since Thursday night and are almost exhausted. But we will do our best to repair the damage at once."

The Scioto river is falling while the Ohio river is rising slightly. Mr. Ruel is anxious to get the bridge into shape for vehicle traffic so that people wishing to use West Side roads to get to the Lucasville fair can do so.

TEMPORARY ROADS TO BE FIXED; IS PROMISE

Resident Engineer Harold Wendelken of the state highway department announced Monday that the temporary road on the Scioto Trail near Davis station where paving is in progress would be in condition for safe travel by three o'clock this afternoon.

Mr. Wendelken took matters in his own hands by compelling Contractor A. W. Burns to employ a gang of men Sunday afternoon to get the road in shape. Mr. Wendelken stated that he instructed the contractor Saturday afternoon, prior to the heavy rain, to fill the chuck holes. The orders were not obeyed and after the downpour of water the road was almost impassable. Mr. Wendelken then compelled the contractor to work men Sunday to get the road in shape, stating that unless the work was done at once he would have the work done himself and charge it against the contractor. Mr. Wendelken remained on the job to see that it was done and done right.

Many machines were mired on this strip of pike Sunday, according to Mr. Wendelken but it will be in good shape this afternoon.

Exports Of Forest Products Curtailed

New Orleans, Aug. 16.—War's effects in curtailing American exports of forest products features the report of lumber exports for the fiscal year ended June 30, as published in the current issue of the Lumber Trade Journal of New Orleans. It shows that the past year's exports of all items under the head of wood and its manufactures decreased 52 percent, the value being \$49,937,653 compared to \$104,179,640 the previous year.

Every item shows a decrease except box shooks. Exports of lumber proper were 47 percent of the year before, or 1,129,205,000 feet, compared with 2,405,206,000 feet.

Wart Cure.

This is a sure and harmless cure for ten cents' worth of cinnamon oil and put it on the warts every night and in the morning if you wish. Do not be afraid of getting it on the other skin around the warts, for it will not hurt it. The warts will soon start to disappear as quickly as they came. It is best to apply with a toothpick.

Billie's Occupation.

Margaret had two boy playmates harnessed up and was driving them for horses. Margaret's mother called out and asked her why she didn't let Billie play with them. He was running beside them shouting at the lot of his voice. Margaret called back: "Mother, don't you know Billie's playing hoo-hoo the dog?"
